SATURDAY, MARCH 5, 1910.

THE votes of Harris and Willis, Kent's representatives in the Legislature, on the local option question should have the commendations of all lovers of right and advocates of temperance. The NEWS' prediction has come true. The people can always depend on men of character and intelligence to represent their interests.

IT is mighty mean to patronize a merchant who will trust you until you get so far in debt to him that you are ashamed to see him, and then go and spend your cash somewhere else where you could not get credit; but there are people who do it. The honorable way would be to spend your cash with the merchant who trusted you, even if you never expected to square up the old account.

IN another column will be found an interesting account of a visit to Smyrna made by the Chestertown Commissioners, Messrs. W. S. Carroll, Thomas S. Bordley, Wm. Duyer and Officer Samuel Cooper. As announced in the NEWS efforts are being made to find some means by which the streets in town may be improved.

The outgoing Smyrna Council closed the year with a remarkable record for improvements and economy. The Water Department earned $1,590.66; the Light Department $1,449.33; the Opera House $336.09 and the Sewer $237.63. Out of the receipts of the town, Council improved the streets to the amount of $27,-015.87, redeemed two bonds $2,000, and opened and extended Delaware street and Peterson street at a cost of $150.00. With all this done the year closed with a cash balance in the treasury of $827.98. The bonded indebtedness of the past year was lowered from $36,000 to $34,000 but the latter was increased $21,000 on account of the street improvement, now making the total bonded indebtedness $55,000. To show for this, however, Smyrna has one of the finest and most up-to-date vitrified blocked streets of any town in the State.

ANNAPOLIS NEWS.

By a vote of 50 to 48 the Local Option bill was killed in the House Wednesday after 3 hours of debate. Messrs. Harris and Willis voted *for* the bill.

Senator Slay has introduced a bill to increase the board of prisoners in Kent county jail from 35 to 50 cents per day.

Opposition to the Public Utilities bill was entered before the committee by a party of lawyers from Baltimore. Composing the party were: Messrs. Bernard Carter and Charles Carter, for the Pennsylvania Railroad; Capt. Wm. C. Eliason, for the Tolchester Steamboat Company; Mr. James W. Chapman and Geo. R. Gaither; Mr. Arthur D. Foster for the Chesapeake Steamship Company.

Mr. Chapman suggested several changes applicable to companies engaged in similar business and asked that such companies be permitted to give passes more generously than permitted by the bill.

All of the banking interests have joined in recommending the State Banking bill and are now united in asking a favorable report. A. J. Carr, who represented the State Association of Savings Banks, and who had objected to the bill as it read last week, submitted a series of amendments, some of minor importance, but all affecting more or less the savings banks he represented. This bill throws safeguards about the people's money.

Senator Slay offered a petition from the residents of Kent county urging the passage of legislation to make uniform the game and fish laws, as recommended by the Maryland Game and Fish Commission.

A bill has been introduced prohibiting the shipment of small fish.

An important link in the chain of educational legislation to come before the General Assembly is the High School bill, which was introduced by Senator Harper.

High School Teachers' Association, the County Superintendents' Association and the State Board of Education approve the bill.

Under the bill the high schools of the counties are to be divided into two groups, to be known as first group and second group. First group schools must have an enrollment of at least 80 pupils, nor fewer than four teachers for regular high school work; must pay the principal not less than $1,200 a year; provide for four years of instruction and maintain manuel training, domestic science and commercial or agricultural courses.

Number of striking car men 6000.

Average wages a day, 12,000.

Wage loss since walkout, $132,000.

My NICKEL CLOCKS are WORTH a dollar; there ARE Nickel Clocks sold that are dear at seventy-five cents. Mine STAY good; for they do not have soft pinions and a case as thin as tin.
I have another NICKEL ALARM that rings for FIFTEEN MINUTES (unless you get out of bed and stop it); then it stops to see if you turn over for another snooze. Then it begins again; and the "Intermittent" keeps up this periodical racket until you MUST get up, or go crazy.
