SATURDAY, MARCH 12, 1910.

H. C. WILLIS, of Kent, will introduce a bill to tax bachelors. My, we just escaped!

IT IS said that the roads of Kent county, for the most part, have been put in such good condition that very little work will be required for some months.

KENT COUNTY can look with pride upon the three men sent this year to Annapolis. In every question in which the people were interested they have thus far been found on the right side and we believe they will continue to be found there. Can Baltimore City say as much?

WEDNESDAY was the birthday of two of Maryland's distinguished citizens—Hon. J. W. Hering, comptroller of State, and Hon. William T. Hepbron, politician emeritus. Both were 77 years "young" on this day and it would be difficult to find two more interesting or highly respected citizens. May they live to enjoy many more days of usefulness and good health.

BALTIMORE CITY can again thank the county delegates for coming to her rescue. The repeal of the monopolistic Gas Bills would have stood but poor show had it not have been for the sterling manhood of the countrymen. It was a case of kissing the hand that smites. Baltimore Sun, please take note and quit talking ugly about us.

THE strike in Philadelphia has attracted considerable attention in Kent. It looks from here like an ill-advised move and will prove a failure from the Union standpoint. There are too many men looking for work who will seize this opportunity to get good berths. There is no reason why men should not be able to arbitrate their differences. There are always two sides to a question.

THE Town Commissioners have sanded upper High street. Now then, see the Juniata Company and have the remainder "piked." Paving is all right, but too expensive and not practical here because of conditions of water and sewer pipe. The stone road costs less, wears well and would be a *great* improvement over mud! One-half could be built this year and the other half next year. Officer Samuel Cooper and Edw. Newton can build the road, the Commissioners buy material and hire roller from Queen Anne's or Kent contractors.

THE action of the Senate in passing Senator Price's Representation Bill will no doubt have the endorsement of all county residents. This bill gives Baltimore City two more Senators and not less than thirty-five Representatives. Hon. Wm. M. Slay, of Kent, made a most forcible and impressive speech on the measure and challenged any city member to show where the State platform promised anything different. It is certainly against the Democratic party to pass *any* increased representation, but as it was promised, we believe it right to give it. The city politicians seem to be sinking to a low level and if it continues the day is not far distant when Republicans will occupy Democratic seats.

Seed Free.—Congressman J. Harry Covington has made a very complete distribution of the experimental seed furnished by the United States Department of Agriculture. He has been compelled, however, to depend for this distribution upon lists compiled for him by persons in the several Counties of the First Congressional District. In order that any person in Kent County who may desire these seed for experiment purposes, and who has received none, can obtain them Congressman Covington has sent to the office of the Clerk of the Court at Chestertown a supply to be distributed to these persons upon being called for.

STILL POND ITEMS.

Miss Bessie Cooper of Worton is assisting Mr. G. W. Atwell in the Post Office.

Mrs. Jennie Boulden and Miss Pearl Coleman spent part of the week in Baltimore.

Miss Laura Hague who has been quite sick the past two weeks is improving.

Mr. Edward Schofield spent part of the week in Baltimore.

The fine weather we have been having leads us to believe Spring is here as good old winter time has been with us long enough and we hope the good weather will last and it will make us all feel happy.

The entertainment held in the Hall on Thursday evening under the auspices of the Ladies Aid, owing to the weather was well attended and a nice little sum realized.

Carload of Babies.—March 9th was the day they gave babies away in New Orleans. A carload of the little tots arrived there that day from New York foundling and orphan asylums, with an eager crowd of claimants awaiting their arrival. In addition to those who had previously made successful claim to a baby many pressed about the car in the hope that there might be some "left over," but those who had applied in advance got every baby in the car.

FAMOUS POISONER IS DEAD.

Mrs. Cordelia Botkin Was Serving A Life Sentence.

Mrs. Cordelia Botkin, serving a life sentence at San Quentin for the murder in 1898 of Mrs. John P. Dunning, of Dover, Del., by poisoned chocolates sent through the mails, died Monday night at the penitentiary. Mrs. Dunning was the wife of a former San Francisco newspaper man, with whom Mrs. Botkin was infatuated. Dunning died some months ago in Philadelphia.
