SATURDAY, MAY 28, 1910.

SENATOR John Walter Smith can sympathize with the little folks as he is suffering with the whooping cough.

THE schools of Kent county are five years ahead of Baltimore city schools in the matter of discarding vertical writing! Wake up, Baltimore.

ALTHOUGH land prices in Kent county have been gradually rising for some time a noticeable impetus to real estate values has followed the inauguration of the system of State roads. In many cases prices are more than doubling, and stretches of farming country considered undesirable, even in recent years, are being developed. The effect on the taxable basis under the new assessment will be striking.

ENGINEER GIBBS was in consultation with the Board of Commissioners, Tuesday. He was authorized to rent an office and procure such equipment as will be necessary for the work in hand. It is likely that the law office vacated by State's Attorney Beck will be rented by Mr. Gibbs. The public surely are in sympathy with the purposes of the new officials as set forth in the NEWS last week.

THE following from the Asherton (Texas) applies to every town in Kent county. "Suppose that there's something wrong in a church, or in a lodge, or in a town, what good is to come from everlasting "harping" about it? Suppose that there is something wrong, at least you think so, in your town, what advantage is it to you as a citizen to be "eternally and always" complaining about it? Will such a course build up your town and increase the value of your property?

MEETING OF THE DEMOCRATIC STATE CENTRAL COMMITTEE

Hon. Wm. M. Slay, Lewin W. Wickes Esq., and Charles L. Dodd attended the meeting of Democratic State Central Committee at the Eutaw House, Baltimore, Thursday.

Here is what the committee did:

Adopted Senator Rayner's resolution denouncing the Aldrich-Payne Tariff law and declared that the Democratic party of Maryland could make its campaign on this issue.

Assailed the administration of President Taft and the Republican Congress for invasion of Constitutional limitations, encroachment of State's rights, the land frauds and general maladministration.

Accepted the opinion of Attorney-General Straus and provided for direct nominations for Congressman.

Empowered Chairman Vandiver to arrange the date for the primaries with Republican State Central Committee, providing, however, that they shall not be held later than September 5.

SEVERE STORM.

Tuesday's storm robbed the fruit trees of part of their burden but as far as we can learn there was no serious damage in Kent.

Lightning struck the cow shed on the Kibler farm in Queen Anne's tenanted by Perry Wilson and tore a part of it away, several locust trees in the yard were split open and the wind blew a hurricane.

Capt. Jack Coleman was on his way home from down the river and states he saw the most awful cloud, a "rain spout" sort of a concern that he thought sure would envelop him but did not quite reach him!

Wilmington seemed to be in the centre of the storm, a despatch saying:

Great damage was done as the result of a severe cyclone which struck Wilmington without warning tonight. The city is in darkness, business is at a standstill and the cars of Wilmington City Railway are only partially running. Many sections are strewn with wreckage. Houses were unroofed, trees were uprooted and damage generally was done.

Just as the storm broke fire started in the plant of the Wilmington City Electric Company; a bolt of lightning struck a feed wire carrying 2,700 volts. This set fire to a wooden cupola, where scores of other feed wires enter, although it was lined with asbestos. A workman on duty in the cupola tried to disconnect the wires, but had to flee for his life.

Before the flames were extinguished the plant had been ruined, causing a loss of $50,000, and the lighting system of the city was put out of service. The Wilmington City Electric Company is a subsidiary concern of the Wilmington City Railway Company. It supplies the railway with current, in addition to illuminating the city. The cars of the People's Railway are only partially running.

Chesterville Sunday School will hold its Children's Day service Sunday at 10.30. The Sunday School will convene as usual at 9.30.

Millington will hold Children's Day service on June 5th at 3 p. m.

FOR SALE.

A Busy Firm.—The plant of Davis & Satterfield, Chestertown, is a busy place these days. They have received an order for fifty reversible corn cutters and are working night and day to fill the order. With their other business which is also brisk this big order will keep them on the move.

Fine Boat Launched.—Eben F. Perkins agent for the "Knox" Engine Co., Camden, Maine, last week launched for Mr. R. Hynson Rogers and Chas. Mulford, one of the prettiest and finest boats that we have seen on Chester river for some time. She is of the Knox Dory type with hunting cabin, 28 feet long and 7 ft. 2 inches wide. Fitted with one of the 9-horse-power two cylinder Knox engines which have proven their qualities in the government boats and life-saving stations off the coast of Maine. A look at this boat and engine will convince one that it is made for hard use, and she will be a fine sea-boat. She bears the name of "Mary I" named for the Sisters of both owners. Mr. Wm. T. Duyer managed the launching.

More State Road.—The State Road Commission on Saturday awarded the road between Kennedyville and Locust Grove to the company which has built all the road in the county, viz: Juniata Paving Company—Grading, $8,000; macadam, $24,000; bridging and draining, $1,300. Total bid, $33,047. Distance 3½ miles, or about $9,000 per mile. The bids for roads in other counties were rejected because of excessive prices. The highest bid received was that for St. Mary's county which averages nearly $20,000 a mile. The road is only 5¼ miles, and was way beyond the estimate of the engineer.
