ARE you thankful for the rain?

THE first day of Registration Tuesday was gratifying to Democrats, as good results were obtained by party workers in all districts. Next Tuesday will be the last opportunity for new voters or transfers, and Democrats all over the county are urged to see that all new names are placed on the list and transfers secured for any who have changed their residence.

THE police investigation at Baltimore assumed sensational features this week when the Police Commissioners, fearing suspension and the naming of a new Board, placed armed guards about their office. The Governor promptly gave notice the militia would be called upon, if necessary, to quell what was generally termed an insurrection, and the guards were Tuesday withdrawn and the matter referred to the Courts.

THE NEWS is in receipt on Saturday of a basket of delicious fruit, "Salway, Peach King" and "Lemon Heath" peaches. The fruit wa as large as big oranges, finely colored and made grand preserves. The giver has our heartiest thanks.

SPLENDID SHOWING

The New Road Law As Carried Out By Engineer Gibbs Saving Kent County Hundreds of Dollars—Every Bill Itemized And No Room For The Spoilsmen.

The Slay Road Law for Kent County has been in operation a little more than four months during which time $4,668.98 has been spent on roads and bridges by order of Mr. Isaac Gibbs, Jr., as follows:

May 15 to June 30	$ 1 061 65
July	494 79
August	1 445 95
September	1 665 59
Total	$ 4 667 98

Each bill rendered to Mr. Gibbs is itemized and said itemized bill is presented to the Board of County Commissioners with the mark of approval of the engineer, so that there is always in the office of the Commissioners a report showing the name of employe, hours employed and total amount paid. There is therefore no room for graft nor reason to suspect that anyone is getting paid other than the parties named. As for politics, there is none, as men are employed without regard to their party affiliation or faction, the first object being to get the work done in the best and cheapest way.

For the information of the readers of the News a sample bill as presented the Commissioners by Engineer Gibbs is here given, the superintendent being Mr. Julian Jones, a successful farmer of Second District:

Kennedyville, Md., Aug. 27, 1910.

To Self 5 hours at 15c hr	$ .75
To Robert Rawley, 25 hours at 15c hr	3 75
To Henry Morris, 30 hours at 15c hr	4 50
To Charley Morris, 20 hours at 15c hr	3.00
To two horses, 45 hours at 20c hr	9 00
	$21.00

As is this account so are *all the accounts* presented to the Board by Mr. Gibbs showing that he is carrying out the spirit as well as the letter of the law. At the end of the year Mr. Gibbs will present the whole road and bridge expenses as required by law, but it will be a resume of his monthly reports. The amount expended up to this time is only about *one-fourth* of the road expense for the same period heretofore! Isn't this a splendid showing. The next quarter illw be even better.

Labor Scarce.

In his work to keep the roads in shape Mr. Gibbs has met with considerable trouble in getting labor and in many cases repairs have been delayed longer than he anticipated for this reason. For instance the road from Hossinger's corner to Lynch has been in bad condition. Mr. Gibbs went to Mr. Hossinger, one of the most interested parties and a large tax-payer, and asked him to undertake this work or get some one to do it. Mr. Hossinger like scores of other farmers, was too busy to stop his farm work, to repair roads, and the road remained in bad condition for some weeks. The only remedy for this condition is for the county to own teams and work the roads as is done elsewhere. Kent county, however, is not in position to undertake this expense at this time, and the people should exercise a little patience and consideration in cases of this kind.

The Servant of The People.

The Road Engineer is the servant of the people. His business is to keep in repair the roads and bridges of Kent county and at the least possible cost. Every dollar saved means a dollar saved for *you* and not for the Road Engineer. Every hole filled and every bridge mended means it is done for *you* and a man's *self interest* should induce him to help the work much less his *duty* to do so. Mr. Gibbs is taking hold of the work with remarkable vim and earnestness and each month finds him better fitted for the position and better able to carry out the law in every detail. He is rapidly learning the location and needs of the roads and will soon have a complete detailed drawing of every road with kind of soil, grade, etc.

Finally we would ask of every tax-payer encouragement rather than criticism, help rather than a knock, and a great saving to Kent county tax-payers is guaranteed. The law is all right and the engineer is able. All that is needed is co-operation to make it a success.

PRESIDENT TAFT has issued an order placing the 8000 assistant postmasters in the United States under the protection of the Civil Service law and taking them entirely out of politics. It is also said that the President will recommend to Congress this Fall that all second and third class postmasters be placed under Civil Service rules.

A CARD.

It may seem strange that no one so well known as Mr. Wm. Thomas, late of Kent county, should pass away and to be buried without any relatives to follow him to the grave. For the benefit of those who might not know that his nephew, the nearest relative and namesake, Mr. Wm. Thomas, of Baltimore, was not notified until too late to attend the funeral. The article written by some one who was misinformed or else did not know the family simply refers to a number of nephews and nieces, and no immediate family; while this may be so, yet the Thomas children are very near relatives as Mr. Wm. Thomas and Mr. Alfred T. Thomas late of Kent county having married sisters forming a double relationship with the children.

A FRIEND.
