TO CORRESPONDENTS.

A "Laymans" ideas are very correct, but the subject is not a proper one for newspaper discussion,

'Oscar's' lines shall appear next week.

We are authorised to say that *E. K. Wilson*, Esq. of Snow Hill, will be a candidate for the next Congress, to represent the district composed of Dorchester, Somerset and Worcester counties.

To the polite attention of *Thomas I. H. Eccleston*, Esq. we are indebted for a copy of the Report of the Committee of Ways and Means, an extract from which will be found in another part of this day's paper.

We take this opportunity of tendering our thanks to Mr. Eccleston for his kindness in forwarding us the Journal of Proceedings, &c. which enables us to lay before our readers the earliest intelligence from Annapolis.

Mr. *William Rea* was on Monday last, appointed Clerk to the Commissioners of Tax of Dorchester county.

The Orphans' Court for Dorchester county will sit on MONDAY, the 27th of February.

The Commissioners of Tax for Dorchester county, will meet on MONDAY next, to appoint Assessors.

James Boyle and *Virgil Maxcy*, Esqs. are candidates for Congress for the district in which *John C. Weems* has just been elected.

Robert N. Martin, Esq. has been admitted to practice in the Supreme Court of the United States.

The Easton Gazette states that Mr. *Henry Covey*, an industrious farmer of Talbot county, was found drowned on Friday last, in the main branch of King's creek.

Influenza—Accounts from the South represent the ravages of the disease, known here in a milder form, by the name of Influenza, to have been very extensive.—Whole families are prostrated by it, and many have died of it. In some of the parishes near Charleston, it has universally prevailed, and has been particularly fatal to the people of colour. In one village, we have heard, eight persons died of the disease in a single day.

On many of the plantations there is not one individual able to help the other.

[Sycamore Bark Tea, drank warm at night and cold during the day, is said to be an excellent cure for the Influenza.]

Death of Gen. Wilkinson.—Letters received in Washington city, dated the 6th ult. from Mr. Poinsett, our Minister in Mexico, announce the death of General James Wilkinson, late of the army of the United States, and an officer in the War of the Revolution.

Improvement.—The Virginia Free Press, remarking on the spirit of improvement in the present age, says that printers who have but recently been accustomed to receive a slice of cake, as a fee for publishing marriages, are now complimented with an entire loaf.

Ohio.—The population of this state, (which is but twenty two years old) is estimated at one million. The value of property which has been lately assessed, is $59,924,770.

To the ladies.—It appears by the new census of the state of New York, that there are upwards of 29,000 more males than females in the state.

The ship Indian Chief sailed last week from Charleston, with emigrants and stores for the colony of Liberia.

FROM ANNAPOLIS.

Extract of a letter to the Editor of the Chronicle, dated

ANNAPOLIS, Feb. 11.

Mr. *Potter* has offered a resolution requiring that the committee of grievances and courts of justice be instructed to inquire if the law creating an examiner general and judge of the land office on the Eastern Shore, cannot be repealed without loss and injury to the state.—Mr. Millard has reported a bill entitled an act to alter and amend the constitution of this state so that the Governor may be elected by the people.

The report on the petition of sundry citizens of Somerset county, praying the passage of a law to confirm the acts and proceedings of certain commissioners appointed by Somerset county Court, in virtue of the act of 1818, chap. 89—has been returned by the Senate, endorsed, "assented to."

Mr. Spencer has reported a bill, entitled, an act to amend and reduce into one system the several acts of assembly, respecting officers fees, for the better regulation of said fees, to establish a more equitable and uniform mode of charging them in the several and respective public offices throughout this state, and for other purposes.

A motion was made on Thursday last by Mr. Williams, for leave to bring in a bill, entitled, an act to provide for the removal of the court of appeals for the western shore, the court of chancery, and the land office, from the city of Annapolis to the city of Baltimore.—Determined in the negative.

The bill relating to the duties of justices of the peace and constables, has been referred to the 1st of June next.

The resolution relative to the stay of execution on certain judgments obtained by the state against George Dashiell, and securities, was read the second time yesterday, assented to, and returned to the Senate.

A resolution offered by Mr. Teackle, relative to light houses was twice read yesterday, assented to and sent to the Senate—It provides that the senators and representatives of this state in the congress of the United States, be requested to use their influence in procuring the erection of light-houses at point Look-Out, and on Smith's Island, and the establishment of light boats off the mouth of Patuxent river, and at Hooper's Straights.

Extract of a letter to the Editor, dated

ANNAPOLIS, Feb. 14.

The bill in favor of the Sheriff of Dorchester county has been rejected in the Senate. The bill to allow Baltimore four delegates, has been rejected by a vote of 28 to 36. *Jeremiah M. Baden*, is elected Register of Wills for Calvert county. The bill amending the constitution as respects election districts in Somerset county, has been reported and ordered to lie on the table. The bill prohibiting the collection of officers' fees by execution, as at present authorised by law, is rejected.

I stated in a former letter that Mr. Douglass' bill, respecting the payment of Judges of the Orphans' court of Dorchester county, had passed—this was an error—it is rejected. Mr. B. I. Jones has reported a resolution for the payment of three hundred instead of two hundred dollars, annually, to the trustees of the Salisbury Academy of Worcester county.

The house have agreed to rise on the 1st of March.

ABSTRACT OF

Congressional Proceedings

WASHINGTON, FEB. 7.

A very elaborate and interesting report was yesterday made, in the house of representatives, by Mr. McLane, the Chairman of the Committee of ways and means, on the general subject of the finances of the country, with particular reference to the prospect and progress of the liquidation of the Public Debt.—One thing we remark, at the close of it, that the committee do not concur in the recommendation of the Secretary of the Treasury to place those who exchanged stocks under the act of last session on the footing of those who may hereafter contract with the Government, on other terms for a new loan.

FEB. 8.

In the Senate, a number of petitions were presented, and resolutions of the legislatures of Georgia and Alabama on the subject of the late Treaty with the Creek Indians at the Indian Springs.—The bill relative to the claims of the Marquis de Maison Rouge underwent some discussion, without coming to any decision.

In the House of Representatives, yesterday, the Committee of the whole reported the three appropriation bills, namely—Fortifications, Military Service, and the General Appropriation Bill, and the last was ordered to be engrossed and read a third time to-day. A select committee was ordered to be appointed, on motion of Mr. Condict, of New Jersey, to consider the subject of increasing the impost duty on foreign Spirits, and to impose an excise on domestic spirits.—Mr. Stewart of Pennsylvania, also offered a resolution calling on the Secretary of War for further information on the subject of a National Armory on the Western Waters.

FEB. 9.

The Senate were engaged in the consideration of the bill to authorize the legal representatives of the Marquis de Maison Rouge to institute a suit against the United States, and for other purposes.—A motion to postpone it indefinitely was lost. The Senate adjourned before coming to any decision.

In the House of Representatives yesterday, the discussion of an amendment in the General Appropriation Bill relative to the surveying of the public lands, consumed the day. Mr. White, of Florida, laid a resolution on the table calling for information from the Secretary of War, in relation to the surveys of Pensacola Bay. Mr. Kerr, of Maryland, introduced the resolutions of the General Assembly of that State, on the subject of the establishment of the naval school at Annapolis.
