The Fight for Governor.

It is said that the Democratic party bosses now make a pretence of favoring the nomination of Mr. Spencer C. Jones, the present Clerk of the Court of Appeals, as the Democratic candidate for Governor. Knowing ones believe, however, that Mr. James Hodges, Ex-Mayor of Baltimore and Ex-Reformer, is the real choice of the ring. While Mr. Jones might do in an office with limited patronage and little political power, he would possibly not be as subservient to boss rule as is desirable. If he be the sort of pliant tool required by the ring he is totally unlike his honored father, the late Rev. Joseph Jones, of the Baptist Church, who was the sworn foe of all wrong and corruption, public and private. It is true, he has been a pupil in a bad school of politics, but ought, from his extraction, to have some independence of character and purity of purpose in his political life; elements that are not in harmony with ring purposes or methods. On the other hand, Mr. Hodges has been tried by the ring gauge and not found wanting in conformity to its demands.

But Hon. Frank Brown is making a vigorous contest for the nomination. Fighting, apparently, against ring dictation, he will encounter little, if any, pronounced opposition in his own county of Carroll. The best elements of the party here will sustain him, not because they are his zealous partisans, but because they prefer him to any mere creature of the bosses. At least this is the impression we have gained by a word dropped here and there by those who ought to know.

Whether Mr. Brown or anybody else can make a respectable showing in a contest with the bosses is extremely doubtful; indeed it is more than probable that unless he can convince them that he is the most serviceable and available candidate for their purposes there is little prospect of victory perching on his banner in the fight. We are inclined to think, however, that if the way should be opened fer the defeat of the ring, a great many Democrats in Carroll county would delight to see one of her sons in the Gubernatorial chair who is eminently worthy of the honor, and his name isn't Brown.

No Advance in Price of Tin.

And so there is to be no advance in the price of imported tin plates when the tin schedule of the McKinley tariff bill goes into effect, July 1st. Representative Niedringhaus, of St. Louis, who was one of the most decided opponents of the increased duty on the product, but now has one mill turning out about three per cent. of all the tin plate used in the country and is erecting another mill for its manufacture, says he is in receipt of letters from English manufacturers who state that, after July 1st, they will sell their product here at the same price at which it now sells, duty paid. In other words, the English manufacturer will pay the added duty out of his own pocket. This he can afford to do, as his profits, under the old tariff, were very large, the manufacture having been a practical monopoly. Now that he meets competition in America, he can pay the additional duty and still make a satisfactory profit. American manufacturers can meet their English competitors on those terms, and the only reason they did not engage in the business, before the passage of the McKinley bill, was the well grounded apprehension that without this protection they would have been driven out of the market by still lower prices. As English manufacturers have determined to maintain existing prices, notwithstanding the increased rate of duty, greater competition in its production will be a consequence, and lower prices almost inevitably the result. But, should this not follow, we are assured of the production of a large quantity of tin plates by American mills, the employment of home labor and the addition of just so much to the market for our agricultural products.

Mr. Niedringhaus says that prior to the election last fall there were twenty-three English manufacturers here examining the field for the establishment of factories, but the result of that contest sent them home with the assurance that the Democratic party would take care of them in their own country. The prospect now is, however, that the McKinley tin plate tariff has come to stay, with the effect already indicated.

After all several Republican members of the Illinois Legislature refused to vote for Streeter, the Farmers' candidate for United States Senator, and on Wednesday two of the three F. M. B's voted for General J. M. Palmer, the Democratic candidate, and he was elected.

Another of the Archer Bond cases is on trial at Towsontown.

Wages of operatives in certain industries having recently somewhat declined, some noisy free-traders cry: "Look at the results of protection! That's what the McKinley bill does for the workingman!" It transpires, however, that, except in a very few instances, wages have only declined where duties have been reduced. The exceptions are in cases in which no change was made by the McKinley bill in the previous rate of duty. The facts cited with so much confidence by the free-traders, as an argument against the advantages of protection to the workingman, are precisely the reverse. Protective duties are absolutely essential to the maintenance of just compensation to the workingman as the fruit of his labor. Free-trade means destructive competition with the cheap labor of Europe. The laborer who votes with the Democratic party to inaugurate the system of free-trade recommended by Mr. Cleveland and concurred in by the Democratic party, simply votes to take the bread out of the mouths of his wife and children.

David B. Hill, of New York, enjoys the distinction of being, at the same time, Governor of the great commonwealth and Senator of the United States. It is true, he has not taken the senatorial oath, but his term and pay commenced in that body on the 4th inst. He promises to cover the amount of salary as Senator that may accrue, until he resigns the governorship, into the United States Treasury. But his retention of the office of Governor, under the circumstances, is not in keeping with universal precedent and is in no wise creditable to the official who has been forcibly and appropriately designated as "Whiskey's Governor." Hill is the boss of the Democratic machine in New York, and is loth to let the reins drop from his hands. As Governor he possesses ample power to direct party affairs in his own interests, looking to a possible Presidential nomination in 1892, and may dictate the choice of his successor in the gubernatorial office, selecting one of his own satellites for the place. This he could scarcely accomplish if shorn of executive influence and power. Hence he is guilty of setting precedent and decency at defiance, just as such a man might be expected to do.

Baltimore Annual Conference.

The proceedings of the Baltimore Annual Conference of the Methodist Episcopal Church which were concluded on Tuesday in Hamline Church, Washington, D. C., were of an unusually interesting character. Many subjects of importance were considered, and the Conference seemed animated by a broad and catholic spirit. A case of special interest in this community came up for the action of the Conference, and was at first disposed of in a manner to disappoint the many friends of Rev. Wm. J. Thompson, who was an applicant for elder's orders under unusual circumstances. The matter was taken up for consideration on Saturday and caused long and earnest discussion. The report of the proceedings, as published in the morning papers, states that "the circumstances in his case were of such a nature that the action of the conference must necessarily establish a precedent. Mr. Thompson is at the Drew Seminary. He is described as an able man, and a deep student. Owing to severe illness, he found himself unable to appear at the conference and be examined by the proper committee. But it appeared from the statements made that Mr. Thompson had passed a most satisfactory examination on the subjects usually embraced in the conference examination, and the point was to accept Mr. Thompson on this examination, and waive the point that he had not been examined by the conference committee. The question had nothing to do with Mr. Thompson personally, for every one recognized his ability, but the most conservative members saw in his admission to elder's orders a precedent which they feared would prove dangerous in some possible future case. Mr. Thompson's friends stated that if he was rejected, there was grave danger that he would be accepted by one of the conferences near by Drew. But the majority of the conference preferred to adhere to the old rules, and so Mr. Thompson was not elected to elder's orders, the motion to elect being lost by 57 ayes and 90 nays. There being some misunderstanding as to the exact question before the house, a motion was made to reconsider, but the latter was laid on the table—yeas 80, nays 30. Much sympathy was expressed for Mr. Thompson."

On Tuesday the action of the Conference was reconsidered and the following resolution as a substitute for previous motions was offered by Rev. J. A. Dashiell:

Resolved, That we accept the report of our committee on the examination of W. J. Thompson.

This substitute was accepted, and, on motion, Mr. Thompson was elected to elder's orders.

Mr. Thompson could not be ordained at this conference, as he could not get there. As he has been elected an elder, however, he can be ordained by any bishop of any Northern conference, although he will still retain his connection with the Baltimore Conference.

The more thoughtful and considerate members of the conference are of the opinion that this action was eminently proper and just, as they consider altogether too severe an allegiance to church laws to sacrifice this young man on the hooks of a technical dilemma. All recognized the fact that Mr. Thompson, who is now at Drew, is a superior young man, and fully worthy of the honor he has received. The only obstacle in the way of advancing him to elder's orders is the danger of establishing a precedent that would effect future cases of like character. Even the more conservative members felt, however, that the severity of its former action was not warranted by the facts.

Great interest was manifested in the subject of education and the educational institutions of the Church and important action was taken concerning some of them.

It was stated by Chaplain McCabe that the contributions during the past year to missions were as follows: Baltimore district, $12,591; East Baltimore, $10,076; West Baltimore, $8,853; Frederick, $2,705; Washington, $7,996; total, $42,221—an increase over last year of $1,961.

The report of the Conference Treasurer, showing the disbursements during the year was as follows: Missions, $42,718; church extension, $3,102; Sunday School Union, $521; Tract Society, $516; Freedman's Aid and Southern Educational Society, $2,287; education, $902; Bible Society, $1,048; Woman's Foreign Missionary Society, $8,634; Woman's Home Missionary Society, $3,347; Episcopal fund, $2,317; conference claimants, $6,696; Children's Day fund, $1,172; sustentation fund, $4,639; publications of minutes, $206; total, $78,105, an increase compared with last year of $5,960. The report was approved by the conference.

The statistical secretary then read his report on the Episcopal fund, as follows: Membership—Probationers, 4,853, an increase of 1,183; full members, 38,370, a decrease of 306; local preachers, 140, a decrease of 8; deaths, 617, an increase of 18. Baptisms—Children, 3,736, an increase of 236; adults, 294, a decrease of 48. Church property—Churches, 392, increase 2; probable value of churches, $3,114,430, increase $77,890; parsonages, $383,010, increase $28,040; for building and improving churches and parsonages, $67,174, increase $14,218; paid on old indebtedness on church property, $55,112, an increase of $15,466; present indebtedness, $236,542, a decrease of $69. Current expenses—Sexton, light, fuel, etc., $76,985, an increase of $6,524. Sunday Schools, 392; officers and teachers, 6,458, an increase of 13; scholars of all ages, 50,607, an increase of 1,222.

Early in the year it was recommended that the Woman's Home Missionary Society undertake the establishment of a deaconesses' home within the territory of the Baltimore Conference under the supervision of the board of deaconesses. Public meetings were held in Washington and Baltimore. In the latter city the only effect was conditional pledging of $300,000 to be given upon the establishment of a deaconesses' home in that city. In Washington, however, a house was secured, located at 133 F. Street northeast, and here a deaconesses' home was formally dedicated May 15, 1890. A board of directors was appointed, consisting of a number of ladies who had been most prominent in the work of securing a home. A work of visiting families, securing Bible readings, inducing Sunday school and church attendance has been faithfully performed by the deaconesses in charge of the home. The probationers now resident at the home are Miss Libbie A. Smith, of Illinois, superintendent, entered January 1, 1891; Miss Ida L. Thomas, of Frederick county, Md., entered September 9, 1890; Miss Ida E. Miner, of Massachusetts, entered October 2, 1890; Miss Maggie E. Bell, of Dorchester county, Md., entered November 7, 1890. They are now pursuing studies while performing the duties devolving upon them. The report also cites the fact that the Hayes Memorial home and Missionary School is to be located in Washington, a fact due to the generosity of one of the members of the church, who donated $10,000. The local home will in May become a part of the National Home.

The rapid growth of the Epworth League was reported.

During the past year there has been a gratifying increase in the number of members within the bounds of the Conference.

READ THIS!

Westminster, Md., March 12th, 1891.

MESSRS. E. O. GRIMES & Co.,

GENTLEMEN:—This is to certify that a can of your ALTA SAFETY OIL passed through the fire recently at my house on Liberty street and DID NOT EXPLODE. Had it exploded, no doubt my whole house would have been in ruins. THE HEAT WAS INTENSE, BLISTERING THE PAINT AND CHARRING EVERYTHING IN THE HOUSE, that did not actually burn up. I cheerfully recommend its use in every family.
Respectfully,
WM. P. BICKELL.

The popularity of the "ALTA SAFETY OIL" is unquestioned as a safe first class oil, and every one should insist that his grocer give him "Alta Safety," and no other oil which has not stood the test of a raging fire, although it may be claimed to be as good.

Portraits!

A good portrait is an everlasting pleasure, and is, sure, something to be valuable. How often it is said, "What would I not give for a portrait of the dear face that has gone forever." If the little ones are taken from us, portraits are a comfort to the aching hearts; if they are spared to us, it is a pleasure to retain the sweet faces that grow away from us in a very few years. Every aged parent owes a portrait to the children. It will wipe away many a tear when you are gone.

For the month of APRIL I have placed the prices of PORTRAITS within the reach of all. A life size portrait in CRAYON, pastel, or oil, handsome frame, from FOUR to THIRTY-FIVE DOLLARS; my specialty, 25x30, life size crayon, in a $4 frame, only $10. No air brush work or bromide prints to fade in a short time; but free hand drawings only. Satisfactory portraits can be made from photographs or tin types no matter how old or faded they may be. These prices are positively for this month and April only.

WHITELOCK'S VEGETATOR.

On the Market for 30 Years.

We offer you the "VEGETATOR" in fine and dry condition for this Spring's use. It has always given general satisfaction where used on

Early Truck, Potatoes, Oats, Corn, &c.

The application of the "VEGETATOR" to these crops prevents early firing during a drought. The yield is very abundant and growth quite active, thus enabling the farmers to reach an early as well as profitable market, and proving the "Vegetator" to be the fertilizer most needed. Manufactured by

TO HORSE BREEDERS.

ON THE FIFTH OF MAY I propose holding at my

Stock Farm, "Nacirema,"

my first annual catalogue sale of horses. Breeders wishing to join me with FIRST-CLASS ANIMALS are invited to do so.

Entries will close on the 20th of March. Sale will be advertised extensively in all large cities East, West and South.

In addition to "NACIREMA" stock, which numbers thirty-five head, it is intended that Mr. Jesse Tyson, of Sylburn Stock Farm, and Mr. Frank Brown of Springfield Farm, will each send a good string of steppers. Indications are that farmers throughout the state will be well represented, as the offers and inquiries are numerous.

"Nacirema" is only a half hour's ride from the center of the city, and with special train will be even more quickly reached.

An Open Letter.

WESTMINSTER, April 10, 1890.

Mr. Jos. B. Boyle:

Dear Sir:—For many years I have suffered intensely, on taking cold, from a very troublesome cough, for which I have used a number of various remedies, and obtained but temporary relief. During the past Spring I was again troubled with the same cough, and through a friend was induced to try your Pectoral Syrup, which not only gave almost instant relief, but a permanent cure. It gives me great pleasure to say that I believe it to be the best remedy I ever used for the purpose for which it is recommended. Hoping that any person afflicted in a similar way will be courageous enough to give it a trial, I am,
Truly yours,
EDWARD LYNCH.

CHAMPION!

CHAMPION!!

CHAMPION!!!

The season is rapidly approaching when farmers will be looking for the best

FERTILIZERS

For Their Spring Crops.

It is a well known fact that we have for many years been headquarters for fertilizers. Our well known brands for all Crops cannot be surpassed. For oats we recommend our

ROYAL COMPOUND.

We have sold this brand for years, and those who have used it once have been so well pleased they will not change. Farmers using our Royal Compound on oats are assured, with any kind of a season, a good crop.

Potatoes Always Pay.

We advise putting out a large acreage in potatoes, and we strongly recommend the use of our

Champion Raw Bone Phosphate.

One of Carroll county's best known farmers has the following to say of our champion:

MESSRS. N. I. GORSUCH & SON:

Gentlemen:—I used your Champion Dissolved Raw Bone Phosphate on potatoes, and, in my experience as a farmer, I never had a better yield, nor a better quality. My potatoes were free from rot.
