NOTICE.

AS in a short time, large demands will be made of me and large payments are expected; I beg all those indebted to me for county charges and officers fees due for the last as well as the present year, to come forward and make payment to me or my deputies, in the different districts, immediately; without which I shall be totally unable to meet my engagements—I declined calling on the people this year by way of advertising when my books were made out, hoping they would consider they had to pay such charges annually, but as I presume this has been forgotten, I make this call and unless respect is paid to it, I shall be under the disagreeable necessity of resorting to coercive measures; this tho' unpleasant, will most assuredly be put in force,
