THE DEMOCRAT,

THOMAS H. HANDY, Jr.,
EDITOR AND PROPRIETOR.

CAMBRIDGE, MD.

WEDNESDAY MORNING, Oct. 7, 1857.

Democratic Nominations.

FOR GOVERNOR:
Col. John C. Groome,
OF CECIL.

FOR COMPTROLLER of the TREASURY:
Bradley T. Johnson,
OF FREDERICK.

FOR COMMISSIONER OF LOTTERIES:
Dr. Joshua R. Nelson,
OF HARFORD.

FOR COMMISSIONER of LAND OFFICE:
James Murray,
OF ANNE ARUNDEL.

FOR CONGRESS:
Hon. James A. Stewart,
OF DORCHESTER.

WANTED IMMEDIATELY, at this office, an active and intelligent boy, who has a good English education, to learn the Printing business. [Aug. 12, 1857.

Take Notice,

All persons indebted to this office for Job Work, Advertising, &c., are respectfully informed that we are compelled to make collections in order to lay in a supply of materials for the approaching winter, and expect our friends to call in, the first opportunity, and pay up.

Independent Ticket.

It will be seen, by reference to our column of announcements, that an Independent Ticket is formed. The gentlemen whose names compose that ticket are all too well known to receive any recommendation at our hands. It is a ticket, we are assured, that will receive the hearty commendation and approval of every one who wishes to see his county represented by men not only worthy, but capacitated by industry, education and business qualifications to fulfill the duties imposed upon each by the offices to which they aspire.

To those who have declared that they will only vote for capable men, we can say that you now have a fair opportunity to cast your ballot for men not only capable, in every respect, but men who would dignify the office and reflect honor upon the county. But ponder the subject well, take up in your mind each candidate as he appears on the list, and give a fair and impartial expression, and the Independent Ticket has nothing to fear.

CATTLE SHOW.—The tenth annual exhibition of the Maryland State Agricultural Society will be held at the Society's grounds, Baltimore, on Tuesday, Wednesday, Thursday and Friday, 20th, 21st, 22nd and 23rd of this month.

PORPOISE.—On Wednesday last a Porpoise, weighing 325 pounds, was captured in Cambridge Creek, after affording several of our citizens two or three hours' amusement in the chase.

THE DISTRICT CANDIDATES, if they expect their names published in our paper and printed on the ticket, will much oblige us by sending in the list. Please see to it.

BOOTS AND SHOES.—Josiah Hopkins has opened a large assortment of Boots and Shoes, for the winter season, to which he calls the attention of his friends.

THE MARYLAND INSTITUTE FAIR is now open for the reception of visitors. The display of goods is said to be good, and will compare favorably with previous exhibitions.

AMERICAN FARMER.—The October No. of this valuable agricultural work is received.—Published at $1 a year by Sands & Worthington, Baltimore.

NOT SOLD.—The lands of the late John C. Henry, Esq., to have been sold on last Monday, were withdrawn by the administrators—a sufficient bid not being offered.

WITHDRAWN.—Mr. Bannaman Mills has declined being a candidate for Road Supervisor in this district, in favor of Mr. James Hurley.

NEW GOODS.—Thomas W. Anderson has just returned from Philadelphia with a fine assortment of Goods. See advertisement.

WM. PINKNEY WHYTE has been nominated for Congress by the Democrats of the Third Congressional District.

THE JEWISH ATONEMENT.—With the going down of the sun on Sunday evening began the fast of atonement among our Hebrew citizens. This occurs on the tenth day after the new year, and is strictly observed by fasting and prayer. All the synagogues have been open and filled with worshipers. It is an old observance of the Israelitish church that no food nor drink shall be taken during the twenty-four hours, and to this time it is adhered to. All business relations were suspended and the people resorted to the churches for prayer.—At sundown yesterday evening the fast closed, and the evening was spent in the enjoyment of the pleasures of life.—*Baltimore Sun, 29th ult.*

ELECTIONS IN OCTOBER.—On Monday last, the 5th inst., there were elections held in the State of Florida for members of the Legislature, and in Kansas for the same. The State of Georgia also held an election on that day, when a Governor, eight members of Congress and a Legislature were chosen. On Monday, the 12th inst., the State election occurs in South Carolina. On Tuesday, the 13th inst., the great contest in Ohio and Pennsylvania comes off. In each State a Governor, other State officers and a Legislature are to be elected. In Pennsylvania are also to be chosen two members of Supreme Court and a member of Congress from the 12th (vacant) district.

☞On Wednesday morning there was a light fall of snow near Cranberry Summit, on the Baltimore and Ohio Railroad.

Lt. Gen. Scott and Gen. Pillow.

Lt. Gen. Winfield Scott is out in a card in reply to the recent letter of Gen. Pillow.—The latter had charged that during the war with Mexico, Mr. Trist, by agreement, engaged to pay to Gen. Santa Anna "cash in hand, on earnest money, ten thousand dollars," to induce him to entertain negotiations for a peace; and that subsequently Mr. T. told him (Gen. P.) "that Gen. Scott had furnished him (Mr. T.) the money, and that he (Mr. T.) had paid the ten thousand dollars." To this Gen. Scott responds, very emphatically, as follows:

"Being morally certain that Mr. Trist never made such declaration, it is almost useless to say that I never turned over a dollar to him for such or any other purpose whatever, and am very sure that Mr. T. had not a dollar of public money in his possession while in Mexico, and never more than sufficed for his very moderate expenses in his private purse; and I certify on honor that I never, at any time, paid to Gen. Santa Anna, or caused to be paid to him, or to another for his use or benefit, one dollar or more, on any account or in any way whatever. President Santa Anna was at the time, as now, worth millions, and had, in that office, the irresponsible control of all the pecuniary means of his country. It is hardly probable, therefore, that he would have stooped to pick up a sack of ten thousand dollars in gold, if he had accidentally stumbled upon one in a private walk."

General Scott, in some further remarks, speaks highly of Mr. Trist, for his "quiet, unobtrusive manner and amiability," and who negotiated a most important treaty under signal disadvantage.

A HEAVY VOTE.—A meeting of the Democratic voters of the gallant Eighth Ward was held last evening for the purpose of nominating candidates for a member of the First Branch of the City Council, for Magistrate and two Constables. The vote polled on this occasion was probably the largest one ever cast in this city at a primary ward meeting, amounting, in the aggregate, to no less than 1,356. This number speaks volumes of the enthusiasm and determination which characterize the Democracy of the unconquerable Eighth. The nominees are:

City Council—Thomas Leybourn; Magistrate—D. E. Myers; Constables—John Kinsey, Wm. M. Smith.—*Baltimore Republican, 30th ult.*

NEW COUNTERFEIT ON A BALTIMORE BANK.—Mr. Wray, of Wray's "National Bank Note Detector," has shown us an admirably executed counterfeit of the fives of the "Franklin Bank of Baltimore," which has just made its appearance, bearing every resemblance to the genuine. The head of Franklin, on the left, is well executed—the milkmaid, on the right, passably. Vignette; a shield, with Maryland coat of arms; Indians on the left; woman, three children, and globe, on the right. The shading on the name of the bank is the most defective point in the note—but its whole appearance is well calculated to deceive.—*Pittsburg Dispatch.*

STEAM ON COMMON ROADS.—A common road locomotive, built by Mr. Richard Dudgeon, has for several days been running in Grand street, Broadway and other thoroughfares, and has made a trip to Harlem and back. Its speed is about equal to the average speed of horses in stages, and seems to be controlled with as much ease and more certainty.—The popular notions that horses would be alarmed by such vehicles, and that they cannot ascend hills on account of their wheels slipping, are refuted by the performance of this engine, which has met with no case of difficulty of this nature, although it has run for a considerable part of several days in crowded streets, followed by crowds of noisy boys.—*N. Y. Post.*

HANDSOME PRESENTS.—The Hartford Times states that the Emperor of Russia has presented to Hon. Thomas H. Seymour, the American minister at his court, a beautiful table, made from a peculiar stone or marble taken from the Siberian mines. The entire cost of the article was seven thousand five hundred dollars. It has arrived at New York. The Grand Duke Constantine has ordered a vase for Governor Seymour, the cost of which will be five thousand five hundred dollars. The general opinion is that such presents cannot be constitutionally received by those in the employ of the United States government.

A NEW WINE.—We have had the pleasure of tasting (to us) a new wine, made from the juice of the tomato. We consider ourself a "good judge of wine," and pronounce this a first rate article. It is made with no other ingredients than the pure juice of the tomato and sugar, and very much resembles champagne, a light, transparent color, with a pleasant, palatable flavor. We believe it can be made equal to the best champagne.—*East Tennessean.*

THE TOBACCO CROP IN VIRGINIA.—A letter from a gentleman who has traveled thro' most of the tobacco-growing counties in Virginia says that crop will be less than that of last year. A great deal which is ripening has been attacked by the "rot," and the only remedy being the knife, the yield will be considerably decreased. The western crop was planted too late to clear the frost, and much of it will be destroyed.—*Richmond Dispatch.*

INTERNATIONAL COURTESY.—It is reported that the Navy Department has given orders to repair the Norwegian barque Ellen, (whose commander, Capt. Johnson, saved the lives of forty-nine American citizens,) and supply her with two months' provisions for her return to Europe. The Ellen is now at the Gosport navy yard, undergoing repairs.

THANKSGIVING DAY.—The Governor and Council of New Hampshire have appointed Thursday, November 26th, for thanksgiving day in that State. This is the first of the season. Let the Governors of the other States note this fact.

☞Among the Mormons boys of ten and twelve years of age are enrolled in military bands, called the "Hope of Israel."

☞John E. Thayer, the Boston banker and broker, who died a few days ago, left an estate valued at $3,500,000.

FOREIGN NEWS.

ST. JOHN, N. B., Sept. 28th.

The foreign journals by the Jura state that out of 239 persons attacked with cholera in Hamburg, 136 had died in eight days. At Arslau more than two hundred persons had died. The disease was also prevalent at Stockholm.

The Persian government, through Feruhk Khan, has engaged twenty French officers to proceed to Persia in the capacity of military instructors.

A dispatch from Jassay states that nine-tenths of the landed proprietors and clergy have taken part in the Moldavian elections.

THE LATEST FROM INDIA.

Gen. Havelocks force for the re-occupation of Cawnpore had in eight days marched 126 miles and fought four actions with Nena Sahib's army, against overwhelming odds in point of numbers, and had taken twenty-four guns of light calibre, and that, too, in the month of July in India. On the morning of the 17th of July the force marched into Cawnpore. The soul-harrowing spectacle which there presented itself to them beggars description. A wholesale massacre had been perpetrated by the fiend Nena Sahib. Eight officers and ninety men of Her Majesty's 84th regiment, seventy ladies and 121 children of Her Majesty's 32nd foot, and the whole European and Christian population of the place including civilians, merchants, pensioners and their families, to the number of 400 persons, were the victims of this Satan.

The court yard in front of the Assembly Rooms in which Nena Sahib had fixed his headquarters, and in which the women had been imprisoned, was swimming in blood. A large number of women and children who had been cruelly spared after the capitulation for a worse fate than instant death had been barbarously slaughtered on the previous morning. The former having been stripped naked and then beheaded and thrown down into a well, and the latter having been hurled down alive upon their butchered mothers, whose blood reeked on their mangled bodies. Only four escaped, the wife of a merchant and three others.

General Havelock, in a dispatch to the Governor General, says that Nena Sahib had drowned himself with his family. He had an intention of going to Lucknow, but when he got as far as the river the cavalry and infantry deserted him. They are all gone off, after destroying their arms, to their different homes. Cawnpore is now as quiet as Allahabad.

The 7th, 8th and 40th regiments, which mutinied at Cawnpore on the 23d of July, threatened Benares.

The 12th irregular cavalry, which mutinied at same time, murdered their commanding officer, Major Holmes, and his wife.

The disarmed 26th Bengal native infantry mutinied at Meean on the 30th of July, and murdered their commanding officer, Major Spencer.

It was reported that Agra had fallen into the hands of the rebels.

The Punjaub is tranquil, as well as the country around Delhi, Meerut and Agra. At Bundelcund there was signs of disturbance. Tranquility is restored in Central India.

A Ride with Robbers in Minnesota—Suicide.

[Cor. of St. Paul Pioneer and Democrat.]

HENDERSON, Sept. 10th.

On Thursday morning, Judge Flandrau and Mr. Pierson, (of the Reporter) took the only vacant seats in the Mankato and Shakopee stage, at Traverse de Sioux. Upon arriving at Le Suer, a messenger placed in Judge Flandrau's hand a line from Superintendent Cullen, giving information of a robbery at Fort Ridgely, of $3,000 in gold, government funds. A Frenchman, a clerk in the Commissary Department, was the suspected party, having suddenly left in company with a German soldier. Mr. Cullen's note described very accurately two of the stage passengers, who manifested considerable uneasiness as remarks were made about the robbery. At Lower Le Suer the stage stopped, and some of the passengers went quietly into the hotel and prepared their revolvers so as to effectually guard the suspected parties, while the messenger returned to Henderson to procure a warrant for their arrest.

As the stage approached Henderson, a large crowd was observed collected about the hotel, which seemed to increase the agitation of one of the suspected parties, who, by the way, carried an empty looking satchel, which betokened weight. The moment the stage stopped his man drew a large clasp knife, and instantly plunged it into his heart, at the same instant handing Mr. Flandrau his satchel, saying, "Here is the money," and stepping out of the stage, fell prostrate, and expired in about 40 minutes. Upon searching his person, about $2,000 was found in a belt, and distributed about his pockets, and the balance in the satchel. As the stage left, the Coroner had been sent for, while the robber's companion was in charge of the sheriff to be taken back to Fort Ridgely.

The suicide is a Frenchman, named Rhoio, aged about 22 years; seemed to be well educated, and was no doubt respectably connected, but in an evil hour had yielded to temptation, and when entrapped, repented, and rather than submit to disgrace, ended his life in this tragical manner.

Superintendent Cullen, instead of trusting to messengers, mounted his horse, and thus cut off the escape of the robbers.

MARINE LOSSES FOR SEPTEMBER.—The list of disasters to sea-going American vessels during September (says the Baltimore Sun) is unusually heavy for a single month. It embraces no less than thirty-two vessels totally lost, namely: two steamers, three ships, four barques, five brigs and eighteen schooners.—Besides these, there are two reported missing, and which it is very improbable will ever be heard of again, and ten others which went ashore within the month, but not given over, though several of them may probably never be got afloat again. The total value of the vessels lost and their cargoes, including the treasure on the Central America, is $3,172,100.—This is the value of property totally lost exclusive of damages to vessels not amounting to a total loss, and of partial lossess of cargo. The aggregate losses by marine disasters since the first of January is $14,758,300.

THE FINANCIAL CRISIS.—Philadelphia, Oct. 1st.—There is a more harmonious action among our banks to-day. The Pennsylvania Bank is gradually strengthening her condition, and by to-morrow or Saturday will be in line. Several of the banks are accommodating customers with discount, and a decidedly better feeling exists.

FROM WASHINGTON.—Washington, Oct. 1. Two hundred thousand worth of United States stock came in this morning for redemption.

To-day the various Federal officers throughout the country, including the judiciary, are paid their quarter's salary.

SAFE ARRIVAL OF THE PREBLE.—The U. S. practice ship of the Annapolis Naval School, about which there was considerable uneasiness, has returned all safe. The ship arrived in Annapolis harbor on Sunday, the 27th ult.

SHIP BURNT AT SEA.—The ship Harkaway, from Charleston, bound to Liverpool, was burnt at sea on the 17th of September. The crew and passengers were saved.

☞A man was quietly walking along the streets the other day, when he was suddenly struck by a thought and knocked into the gutter.

"A THOUSAND DOLLAR PIANO."

We paid a visit, the other day, to the music store of Horace Waters, 333 Broadway, on purpose to see a specimen of his pianos, just manufactured at his up-town establishment, of which we had heard a good deal of boasting. It may not be generally known that Mr. Waters has been established in this city but a little while, having set up in a small way some six years ago as agent for a Boston firm, and gone on by dint of industry and enterprise, till he has become one of the most prominent music publishers and dealers in the country. His musical instruments are well known for their superior qualities, though they scarcely surpass in richness, volume of tone and delicacy of touch some instruments of more obscure makers which we have seen; yet, even in these prime respects, Waters's best pianos and melodeons challenge comparison with the finest made anywhere in the country—though those of Chickering, Gilbert and others are more famous.

The particular piano we went to see, though, is certainly a superb affair. It is characterized by great fullness and softness of tone, and remarkable *expressive* power; while its externals are equally noteworthy: it has a rosewood case, elegantly inlaid with mother-of-pearl, and carved in various cabinet designs; altogether got up with every care of finish. Other pianos we heard in the same room, of equally fine tone—the same class of instruments, in fact, except the case—offered for a fraction of the cost of this very elegant one. Persons wishing for instruments of this kind, whether at the most economical or extravagant price, will be likely to be suited at the ware-room of Horace Waters.—*N. Y. Home Journal.*

Money! Money!! Money!!!

I MOST respectfully, and earnestly, ask of my friends payment on their respective accounts. Under the present pressure of the times, I need all the "aid and comfort" they can give me, and I hope every one will respond promptly to this call and pay, in part, if not the whole, of their bills.
