The Character of the Coming Contest.

Every day adds to the proof that the next Presidential contest is to be narrowed down to a straight out battle between Democracy and Abolitism. The facts are conclusive, that Black-Republicanism will make no compromise with old Whigs, or Know-Nothings. That rabid faction boldly declares that it means to stand or fall with its own plattorm. Seward, and nearly all the leaders of the abolition forces say this, and the leading presses of the party everywhere maintain the same position. We have before us one of the leading abolition journals of the West, which thus avows the position which the Black Republicans there mean to hold. Says this advocate of abolitionism:

"We will not knowingly vote for or support any man who does not stand square on the Republican platform. If the party should be so foolish as to nominate a Botts, or a Bell, or a Bates, or a Banks, for President, the party and Mr. Greely may go to the d—l by themselves; we do not enlist under any such commander. So long as we have spared to us men like Seward, Chase, Fremont, Wade, Blair, and a dozen others that could be named, we do dot propose to take up a doughfaced Bates, or a 'supple Jack' Banks. We are enlisted for the war, but we will not have fellowship with political freebooters and Swiss guards for a consideration in the division of the spoils. If in 1860 a majority of the voters in these United States are not willing to vote for a trial of Republican management of our national affairs, why let them have another four-years trial of modern Democracy. We can stand it if the people can."

This is, we say, the spirit of the Abolition leaders; and yet, in the face of such declarations as these, we find the Know-Nothing Council of this State, and the press of that party here and elsewhere, urging a union with these Abolitionists for the purpose of breaking down the Democratic party. It is true there are a few of these Black Republicans who, like the Know-Nothing leaders, have neither standing or principle; and are, therefore, ready for a fusion on any terms and with any party which may give them a chance to share the spoils. But the great body of the Abolitionists, knowing that the other elements of opposition to the Democracy are small and powerless without them, stand firmly upon the platform of their own party, and proclaim it boldly, that if the Know-Nothings or dissatisfied Democrats unite with them, they must unite upon their platform and stand by their principles. Are the honest people of Maryland disposed to follow their demagogue leaders into the ranks of Abolitionism? What have the masses gained by giving their votes to the Know-Nothing party? What has the city of Baltimore gained by elevating this party to power? We leave this question to be answered by the disfranchised and abused citizens, who have no more rights under this ruffian rule than the serfs of Russia or the down-trodden natives of India.

What are the people of Maryland to gain by elevating the Abolitionists to power? Can human ingenuity suggest any possible advantage such an event would be to the people at large. A few of the Abolitionists among us might be elevated to office, or some unprincipled demagogue of the Know-Nothing party might for his treachery to the interests of the State be honored with an appointment, but this would not benefit the people at large. On the contrary, it would alienate the State from its natural allies, the Southern States, and complete the isolation and ruin which Know-Nothingism had begun. These questions go beyond mere party; they affect the permanent interests of the State; and the people must be blind to the certain consequences before them if they suffer themselves to be led either by prejudice or bigotry into any alliance with the Abolitionists of the North, who are struggling the destruction of the Union and the repeal of all those compromises which bind us together as one people.—*Baltimore Republican.*

NAVAL INTELLIGENCE.—The following is a list of the officers of the U. S. ship Plymouth, which is about to sail from Annapolis on a cruise with 110 midshipmen from the naval school:

Captain, Thomas T. Craven; lieutenant and executive officer, R. H. Wyman; lieutenants, Saml. Marcy, Samuel P. Carter, W. McGunnegle and F. E. Sheppard; Surgeon, H. C. Caldwell; purser, Henry Etting; boatswain, Wm. Black; carpenter, J. G. Myers; acting gunner, Wm. Carter; acting sailmaker, G. W. Franklin; purser's clerk, W. H. Needles.

THE CROPS.—The corn in this county, except on low grounds, is said to look promising. The season so far has been too wet for it, particularly where the land is low. It is thought the hay crop will be rather short this harvest. We have heard some very favorable reports of the prospects of the apple crop, and it is thought, as a general thing, it will be a tolerable fair one. There will scarcely be any peaches.—*Harford Times.*

The wheat near Raleigh, N. C., has all been cut, and the yield is large.

BY YESTERDAY'S STEAMER.

Gov. Hicks arrived here yesterday, to remain a few days, in consequence of the death of his youngest child.

Interesting News from Europe.

PROGRESS OF THE WAR.

We published yesterday (says the Baltimore Sun of yesterday) a telegraphic sketch of the foreign news by the Bremen, and to-day give some important details. It appears that though we have no new battle to record, Austria is continuing to fly rearwards; France and Sardinia are pursuing her across the Adda; free corps are molesting her in the North; Venice is about to be attacked immediately, on the East; and on the South the whole Peninsula is rising against her and expelling her allies and her garrisons. Under this state of affairs even the London Times turns its back on Austria, and says it now believes in the good intentions of Louis Napoleon. The latter has issued a proclamation to the Lombards, which, by the moderation of its tone, has produced a deep impression in Europe. Russia, too, in her recent diplomatic circular, soothes and reassures Germany, and says that Austria is altogether wrong and France right; that what the Emperor of the French declares she (Russia) believes, that there is no enterprise in prospect which will injure Germany; that Russia will stand by France, and that if Germany interferes in this matter, so long as it remains only an Italian quarrel, Russia will also interfere and restore the equilibrium of the contest. The foreign policy of the new British ministry promises to be substantially Napoleonic. It will aim to induce the Austrians now to leave Italy, and so end the war. Under the influence of these events the funds have risen both in London and Paris.

Still Later.—The Nova Scotian, at Quebec, brings one day's later advices than the above, which, though showing the occurrence of no new events in the field, indicate that the end of the war is not yet. Austria evinces a disposition for further efforts, under the immediate eye of Francis Joseph, and large reinforcements are to leave France for Italy. There are intimations that Prussia is preparing for war, as her army is to be mobilized. The statement, however, is accompanied with remarks by the London Herald, which are evidently of a local political complexion, and therefore may not mean much, at present, at least.

Baltimore Grain Market.

MONDAY MORNING, June 27.—Of Wheat there were only 500 bushels white offered, which sold at 1 65a$1 75; small lots red brn'l 1 47a$1 50 per bushel. Corn was in fair supply; about 16,000 bushels received, and with an active demand sold viz: 7,800 bushels white at 75a78 cts. measure; 4,000 bushels yellow at 77a78 cts measure, and 3,600 do. at 80 cts per bushel, weight. Of Oats 3,700 bushels offered, and mostly sold within our range, as follows: 38a43 cts for Maryland, and 45a48 cts per bushel for Pennsylvania.

AN OUTFIT FOR A PIKE'S PEAKER. A Western paper instructs its readers as to the articles necessary for an outfit for the new gold mines. Although rather running to a single article, that one is so common a beverage on the frontier that it may not be more than the usual proportion. The following is the list of articles required:

100 lbs. of flour, 2 bbls. of whisky, 50 lbs. of bacon, 40 gallons of whisky, 100 lbs. of venison, 10 demijohns of whisky, 2 boxes of dried herrings, 1 bbl. of whisky, 1 bbl. of crackers, 65 gallons of whisky, 3 bbls. of pickles, ½ bbl. of whisky, and 12 quart mugs. A little more whisky may be necessary, but the other articles will hold out if the man is not a tremendous eater.

Oxygenated Bitters in Canada.

The editor of the Montreal Pilot, Sept. 2, 1856, says:

"There is no medicine we take so much pleasure in recommending to our friends as Dr. Green's Oxygenated Bitters. Unlike most proprietory medicines, it does not profess to cure "all the ills flesh is heir to," but simply *Dyspepsia* and its attendant symptoms of derangement of the stomach. It has long been held in favor with our first medical men; some of whom are never backward in awarding merit where it belongs. Its success in our city has given it a reputation surpassed by no other similar preparation. Our attention has been called to this subject by a young man in our office who had been suffering for some weeks severely from indigestion, loss of appetite, &c., having been entirely relieved in a few days by the use of these bitters; there are hundreds who will read this who need such a medicine, and would use it if they had half the confidence in it we have."

Extraordinary Sale OF JEWELRY,

With a PREMIUM *to each Purchaser worth from* TWO DOLLARS *to* TWO HUNDRED!

THIS IS NO LOTTERY, but a fair and legitimate sale, in which each purchaser gets the value of his or her money in a GOLD PENCIL with GOLD PEN attached, or a GOLD LOCKET, worth $5; and in addition to the purchase, each person receives a PREMIUM OF JEWELRY, not less in value than $2, and it may be worth $3, 5, 8, 10, 15, 20, 30, 50, or even $200!

Our Premiums are distributed in a fair and honorable manner, and as soon as the name of the purchaser is received with the $5, his Pencil and Pen and Premium, or Gold Locket and Premium, are put up in a safe manner, and sent to the owner by Mail, *free of postage.* Our plan, from long experience in the above business, has given general satisfaction, as each purchaser can sell or trade the above articles for all they cost him, and retain the Premium gratis.

☞We want a good AGENT in every part of the country to solicit purchasers; and agents, to be successful, should first have a Pencil and Pen and Premium, or Locket and Premium, or both, to exhibit; and the first person becoming a purchaser at any place will receive the AGENCY for that neighborhood.

No Money Risked.

We propose to let a person know what Premium he will receive before sending his money. Any Lady or Gentleman desiring one of the above articles, can first send us their name and address, stating whether they want the Pencil and Pen, or Locket, and we will make their selection, and inform them by return Mail what Premium they are entitled to. They can then have the privilege of sending for it if they choose. We cannot, however, give this privilege but once to any person; and we make this offer to establish the quality of our goods in a neighborhood. After a person becomes a purchaser, and accepts the agency, we require all persons in that locality to send their $5 in advance through him.

And if any one is dissatisfied with their purchase, and an unbiased person competent to judge says the articles are not worth more than the money paid for them, and in some cases TEN, or even FORTY times the amount, let such persons return the goods, and we will freely refund the money.

Among our PREMIUMS are articles suitable for Ladies and Gentlemen, such as *Gentlemen's Gold and Silver Watches, Gold Vest and Guard Chains, Gold Sleeve Buttons, Gold Watch Keys and Seals,*
