National Democratic Nominations.

FOR PRESIDENT:

JNO. C. BRECKINRIDGE,
of Kentucky.

FOR VICE-PRESIDENT:

Gen. JOSEPH LANE,
of Oregon.

NOTICE.—All persons indebted to me for subscription or advertising will oblige me much by settling their accounts with W. W. Ballard, Esq., who has my books for settlement

THOMAS H. HANDY, JR.

☞We congratulate the party of this county in the happy selection made by the meeting on Monday last of delegates to represent us in the State convention of Aug. 9th. They are all leading men, men who will cast a decisive influence in the State convention for the weal of the party. No doubt many will be surprised to see the delegation headed by Mr. Daniel M. Henry, as he has, since the dissolution of the whig party, taken no active part in politics. To see such men consenting to leave coveted retirement and taking part with the national democracy now, is a high compliment to that party which has taken so noble a stand for the recognition of our rights, as well as a strong evidence of the importance of the impending crisis, and the determination of Southern men, while standing firmly for the Union, to stand as firm for the just rights of all sections and yield nothing more to the senseless clamor of fanaticism. Mr. Henry is widely known as a gentleman having the deepest affection for the Union of the States. This wide spread reputation, connected with his talents and integrity, should be a sure guarantee to the wavering that *this is the time*, and the principles of Breckinridge and Lane are *the principles*, which should animate all patriots to a united and vigorous action.

☞The Card of our friend Mr. A S. Evans, which will be found in another column, is a manly and flat denial to the false and slanderous report now being circulated throughout the county by persons, who seem to have but one object in view,—the defeat of the Democracy, no matter what be the consequences. There are many in the opposition ranks, who by the policy they are pursuing are acting as allies to the Black Republicans. Solicitous to keep the democratic ranks divided, they are bandying about from husting to husting sentiments to foster and fan to a flame the little Douglas sentiment existing in the county, and where they are foiled in this, their next mode of procedure is to keep in circulation reports of new accessions from the Democratic ranks to Black Republicanism. We have before warned the democracy not to heed their harangues for Douglas. We now warn them to pay no heed to such reports. We hope however, in order to have this mode of electioneering exposed and stopped, that the author of so false a report as this will be found out, that he may be held up covered with detestation and disgrace, as an example to others, who would deal so recklessly with character for the sake of making political capital. If this is the campaigning course the opposition party intend persuing, it would be well for every honest man, whether democrat or otherwise, to be made acquainted with it, that they may know how much truth to place in such rumors. We think Mr. E. has not been informed correctly about the letter.—The rumor which reached us was that a letter was read before this association written by some one in Dorchester, who represented Mr. Evans as having joined the Black Republicans. If this rumor be correct, then the original of the letter and information as to who wrote it, should be sought out and obtained as being the only means to prevent future acts of the kind.

☞We recommend to the careful attention of every voter in the county the speech of Hon. Humphrey Marshall, published on our first page. Mr. Marshall as is well known in '56 took a bold and fearless stand for Mr. Fillmore, because of the plank in the American platform advocating an amendment to the naturalization laws. Now, however, new issues are presented; the South has made an unequivocal demand for a recognition of her rights, and calls upon her sons everywhere to enlist in her behalf. Mr. Marshall, like a true, chivalric, loyal Southerner, hears this call, immolates upon the altar of his country's weal his past prejudices, and enters boldly and fearlessly in the defence of the Constitution and our rights as guarantied by that Constitution.

The position which Mr. Marshall has taken will not be without its influence on the masses of the people. They will see in this act no spirit of the demagogue, but rather of the patriot. To every citizen who admired Mr. M. in '56, and who love the constitutional rights of the South, this act of Mr. Marshall's speaks in patriotic tones, "Go ye and do likewise."

We see by the Baltimore Sun that the Great Eastern will arrive at Annapolis Roads on Sunday afternoon, and will be open on Monday for exhibition. She will remain there five days.

In compliance with previous notice the Stockholders of the Cambridge Female Academy met at the Counting room of Thos. W. Anderson, Esq., on Saturday, July 28th, 1860, and re-elected Messrs. James Wallace, Thos. W. Anderson, and Wm. Rea, Trustees for the next three years; after which the Trustees met and passed a resolution, authorizing the Secretary to obtain a press and seal for the corporation; and also a resolution appointing Messrs. Thos. I. Dail, Thos. W. Anderson, Francis J. Henry, Wm. Creighton, and Wm. Rea, a committee of Five, to purchase site for the Academy at once.

Mr. CREEDLE is still favoring our citizens with the opportunity of having life-like pictures of themselves and friends taken. Photograps, Ambrotypes, and various other kind of types, are taken in real artistic style and very cheaply. This last our citizens should remember is a *sine qua non* in these dry times when the corn crops are failing.

Messrs. W. E. Stewart and C. Sullivane, motions for whose admission to the bar were made on the first day of our April term, were examined by Judge Spence on Friday last, and were regularly admitted as Attorneys at Law. We congratulate the profession on this accession to its numbers. They are both young men of decided ability, and with proper study we doubt not they will make themselves eminent in the profession

Farm Sold.—We understand that G. Perry Lake, Esq., has sold his farm "Indian Bone," situated about five miles from this place, to John S. Staplefort, of Lakesville, for $7,500. The farm contains 325 acres, is in a good state of cultivation and heavily timbered.

BLACKWOOD'S MAGAZINE—(American Ed.) for July has been received. "The secret history of the Russian Campaign of 1812." "An Election in France," are among the most interesting pieces of its interesting and varied contents. This Magazine is published by Leonard Scott and Co., 54 Gold st, N. Voice of Calvert County.

PRINCE FREDERICK, CALVERT COUNTY, July 10th, 1860.

According to previous notice, the Democracy of the county assembled in mass meeting. On motion of the Hon. Daniel Kent, Hon. John Parran was called to the chair, and F. Louis Griffith elected Secretary.

After the object of the meeting was stated by J. T. Briscoe, Esq., the Hon. A. R Sollers offered the following resolutions, which were unanimously adopted:

1st. Resolved, That we, the Democrats of Calvert county, in convention assembled, heartily and cordially approve of and endorse the action of Col. Wm. D Bowie, one of our delegates to the convention at Charleston and Baltimore, from the 6th Congressional District of Maryland, and that in opposing the nomination of Stephen A. Douglas, and in advocating the report of the majority of the Convention on Platforms, he carried out the well known sentiments of nineteen twentieths of the Democrats of this district, and for so doing deserves our warmest thanks

2d Resolved, That we denounce, condemn and repudiate the action of Oscar Miles, an other of the delegates to the said convention from this district, in voting for the nomination of Stephen A. Douglas, as a gross and palpable misrepresentation of the Democratic party in this district, and that in so doing he has justly incurred the censure and excited the indignation of the Democrats of this county, we believe of the whole district.

3d. Resolved, That we will adhere for weal or for woe, to our Democratic brethren of the South, and that we regard the action of that portion of the convention who nominated as the standard bearers of their faith, John C. Breckinridge and Joseph Lane, as the true and legitimate exposition of the Democratic creed, and that we will sustain said nominations by all the means in our power.

4th Resolved, That it is the duty of the Democratic convention about to be held in Baltimore, to nominate an electoral ticket, composed alone of those who are known to be friendly to the election of these gentlemen

The following gentlemen were then named as delegates to the convention to assemble in Baltimore:

First District.—Hon. Jas. A Bond, Dr J. C. Parker and John Parran.

Second District.—Hon. A. R. Sollers, N. Dare and A. Harris, Esq.

Third District.—F. Louis Griffith, Saml. Owings, Col. J. W. Spincknall.

On motion of Hon. J A. Bond, it was ordered that the proceedings of the meeting be published in the papers of the State.

JOHN PARRAN, Pres't.
F. LOUIS GRIFFITH, Sec'y.

The News.

The town of Occaquan, Virginia, has been the scene of considerable excitement for some days, in consequence of an attempt on the part of certain parties to demolish a liberty pole erected by the black republicans, from which floats a flag bearing the names of the republican Presidential nominees. The republicans of Occaquan determined to prevent the threatened demolition of their flagstaff or die in the effort, and accordingly despatched messengers to neighboring towns for arms and ammunition. They also notified Gov. Letcher of the state of affairs, and he assured them that they should be protected. The Governor ordered Gen. Hatton to call out his command, but it is said the General resigned rather than obey the order. At last accounts the military of Alexandria were expecting to be called out to preserve the peace.

Judge Terry, indicted for the killing of Senator Broderick in a duel, has been acquitted.

The Prince of Wales embarked on board the steamer Hero, at St. Johns, on Thursday, and at eleven o'clock sailed for Halifax.

The steamer New York, with the United States astronomical party sent to Labrador to observe the recent eclipse of the sun, arrived at New York on Saturday last.

New Jersey Certain for Breckinridge.

Now that the Breckinridge party have united with the Bell party on an electorial ticket consisting of four democratic electors and three Bell men, New Jersey may be set down as certain for Breckinridge. In 1856 the Presidential vote of New Jersey was—

For Mr. Buchanan.	46,943
For Col. Fremont.	28,338
For Mr. Fillmore.	24,115

From these figures it will be seen that if only four or five thousand of the American party of 1856 are now ready to co operate with the democracy, the State of New Jersey will be lost to Lincoln. But should the Bell-Everett party bring up to the rescue a force of twenty thousand men, as they probably will, New Jersey will be against Lincoln, even if twenty thousand democratic votes should be thrown away upon Mr. Douglas. We are thus of the opinion that New Jersey may be set down as one of the Northern States whose electoral vote will not be given to Lincoln.—*N. Y. Herald.*

It cannot be doubted, that the Peach crop in Kent county is almost a total failure. A large proportion of those which were supposed to be uninjured by the late frosts, have continued to fall till now.—*Kent News.*

STATE ELECTIONS.—State Elections in the following States for State officers will take place as follows.

In North Carolina, Aug. 2nd
Arkansas, " 6
Texas and Missouri, " 6
Vermont and Maine—Sept.
Florida, Missippi, Indiana, Iowa, Ohio and Pennsylvania—October 9th.

These elections will be looked to with interest as their results, particularly in these last five named States,—will have a great practical bearing on the Presidential Election in November next.

The editor of the Lexington, (Mo.) Citizens' Advertiser, hoisted the Black Republican flag last week. The citizens hoisted him the same day. In other words they "repressed" the publication of his paper, and ordered him to leave. He *vamosed.*

HOLLOWAY'S PILLS. a most famous Remedy for the Cure of Nervousness and General Debility—Jasper M'Cann, of Long Island, New York, was without doubt a severe sufferer from nervous and general debility, the least thing provoked his irritability, put him in a passion, and laid him up; this was caused by the bad state of the fluids, and though he tried many remedies for this complaint, he was not benefitted. At length he had recourse to Holloway's Pills, which quickly performed their part, by removing the injurious fluids from the system, cleared his head, restored tone and vigor to the stomach, and after five weeks perseverance, restored him to the blessings of health.

THE PUBLIC BLESSING which is now universally admitted to exist in MOFFAT'S LIFE PILLS and PHŒNIX BITTERS, is every day demonstrated by their astonishing efficacy in the cases which they are announced to cure. All the complaints of the stomach and bowels, weakness of the digestive organs and of the system generally, bilious and liver affections, night fevers, head aches, piles, costiveness, consumption, rheumatism, scurvy, impurity of the blood, or blotched and sallow complexions, soon yield to their curative properties. A single trial invariably secures them the title of the best family medicines now before the public. For sale by the proprietor, W. B. MOFFAT, at his office, 235 Broadway, New York, and by Store-keepers and Druggists generally. jan25 1y

A CARD.

$100 Reward.

WHEREAS it has been represented to me that a letter, purporting to have been written by me, endorsing Lincoln and Hamlin, and expressing affiliation with the principles of the party they represent, was read before a late meeting of the black republican Association, of the city of Baltimore, I hereby pronounce the letter a forgery, and offer the above reward for the detection of the forger and the original of that letter.

I have been a democrat for thirty years—cast my first vote for that good old patriot, Gen. Jackson, in 1828, and have ever since been working hard and strenuously for the glorious principles of this party. My affection for my party and zeal in its cause are as strong to day as ever they were. I utterly repudiate the report of my having expressed the least sympathy for the Black Republicans or their sectional principles, and denounce such reports as slanderous. They are only circulated by black hearts to injure my standing in the community and to deprive me of an office, by no means lucrative, which the P. O. Department has conferred upon me—the Post Office of Vienna.

HAVING secured a cargo of the above rare article, we offer it to consumers at the lowest rates. Its superiority over the ordinary crushed bones, consists in the fact that it contains nearly or quite 80 per cent. *PHOSPHATE OF LIME*, whereas crushed bone has from 50 to 55 per cent. only; moreover, it is sold in *a perfectly fine powder*, being ground at our own works, in which condition ordinary bones cannot be had.

This valuable article is so highly esteemed in England, that it has rarely been brought to this country, it being chiefly bought up for the English market.

PRICE, ground, in packages, $32 50 per Ton 2,000 pounds. At this price it is much cheaper than crushed bones

L. MILLER'S

HAIR INVIGORATOR.

AN EFFECTIVE, SAFE AND ECONOMICAL compound,

FOR RESTORING GRAY HAIR to its original color, without dying, and preventing the Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections at the Scalp.

FOR BEATTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from *dandruff and other cutaneous diseases*, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it give strength and vigor to the roots, and restore the growth to those parts which have become bald, caused it to yield a *fresh covering of hair.*

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the *hair from turning grey* until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty *restore it to its original hue*, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fregrance; and the great facilities it affords in *dressing the hair*, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a *standard toilet article* which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY FIVE CENTS

per bottle, to be had at all respectable druggists' and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the childrens' Hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y. blown in the glass.

Booth and Parmenter's

SEWING MACHINES.

Price $40 Complete.

Sales Rooms, Cor. Pratt & Howard sts.

BALTIMORE, MD.

THIS machine is so very strong and simple in all its parts that it cannot get out of order except from carelessness.

It sews by turning either way and makes a strong elestic seam, which will not rip, tho' every third or fourth stich be cut.

Read what gentlemen of experience and sound judgment say:

FROM REV. E. Y. REESE, EDITOR "METHODIST PROTESTANT."

Messrs. A. P. Sharp & Co:

The Sewing Machine of Booth & Parmenter is a household fixture in my family It answers all my expectations concerning it—is simple, rapid in operation, does coarse and fine work, and has given no trouble to those who operate it. I can recommend it with great confidence.

E. Y. REESE,
105 Conway street.

FROM "BARNUM'S CITY HOTEL."

BALTIMORE, January 14th, 1860.

Messrs. A. P Sharp & Co.

Gentlemen:—The Booth & Parmenter Sewing Machine works well, and to say that it is doing the principle work of this Hotel, using up spool after spool of thread, and sewing from the finest to the coarsest fabrics, without the *least trouble*, is saying very much in its favor. It is extremely simple, and not liable to get out of order, and being easily understood and worked, makes it a *very superior* Family Machine. Yours truly,
