the standard of their native land planted on the hat they had won from Mexican tyranny.

en. Houston was expected to address a meeting at ston in favor of annexation on the 21st inst., the versary of the battle of San Jacinto.

he following letter, written the day-before Presi- Jones issued his proclamation convening Con- on the 16th of June, embraces whatever else of est we have been able to discover in our files:

A word or two in relation to annexation. It is said that President Jones, unable longer to defer to call Congress together on 16th of June next, it is also said that not more than two or three of members are opposed to the measure. The fact hat nine-tenths of the people in this and the ad ing counties—one Texan tells me that eleven- his—are in favor of immediate annexation. The opposition that is seen, or rather heard, comes either the office-holders or else from the large ns, and in the latter its foreign origin is easily e gh distinguished.

The President has been unwell for a week past, fined to his house by a bilious attack. He is now valescing, however. The only members of the inet now here, are Mr. Allen, the Attorney Gen , and Col. Wm. G. Cooke, the Secretary of War Marine. The latter, although said to be opposed nnexation, is one of the best officers Texas has e- had—efficient in every way and closely attentive he duties of his station.

"General Houston has not as yet, openly expressed views in relation to annexation, although it is con ently asserted that he will not oppose the measure. does not appear to be altogether in favor of the ms, thinking the resolutions do not concede as much Texas as they should; yet it is thought by those o know him best, that this feeling will not induce m to throw his immense influence in the scale of op- sition.

"It is surmised by some, that before Congress mes to any definite action upon the question that w excites the community, that propositions for the gestion of that body will be received from England, d perhaps from France as well. It is certainly very gular that the extraordinary philanthropy of Great ritain should have broken out so suddenly in favor Texas, and that it should now burn so fiercely. If at power can induce Mexico to acknowledge the in pendence of Texas now, she could have done it ree years ago. What a pity she did not think of it oner!

"Major Donelson, the U. S. Charge, is now here— , too, is Gov. Yell. The latter, on account of busi ess, has been obliged to give up his contemplated ex- rsion to the buffalo grounds. You shall hear from e again at San Antonio—perhaps before.

For Sale.

Pursuant to competent authority, I now offer at private sale three valuable farms belonging to Dr Devereux Traverse. One of these farms is beautifully situated on Great Choptank river, about two miles from New Market and adjoining the lands owned and occupied by James Thompson Esq. It contains about 260 acres and is considered very healthy. The soil is good and I understand 1000 cords of wood may be spared, and leave enough for all necessary purposes. Another of these farms, is the one at present occupied by Jas. Moore esq. and situated between Elden & Fairview. Without exageration it may be said that there is not a more beautiful or elegible situation on the Great Choptank than this. A fine two story brick building and all necessary out houses, land already improved and susceptible of improvement to a very high degree, vast resources near at hand, a beautiful view of the river, a plentiful supply of oysters, terrapins, wild ducks, &c., good water, a healthy location, and an agreeable neighborhood, are some of the advantages attending this farm. It contains about 270 acres of land, has upon it several small tenements, a granery for the purpose of taking in grain for vessels, & a valuable landing. The other is also situated on Great Choptank in Talbot County and the lands on each side of it belong to Wm. Hughlett Esq. This farm is generally known as the Canner farm, is healthy, and beautifully situated, and has shells enough on it to cover it all over, with timber sufficient to support the Farm, and some say to spare. It is not often that such situations can be had, they are in every respect either for speculation, or as permanent residences well worthy of attention, and great bargains can be had. Title indisputable and a short credit will be given. Apply to
