## WOODLAND FOR SALE.

THE subscriber will expose to public sale on THURSDAY, the 13 day of [illegible] next, at Jefferson's store, in Church Creek, some of the most

VALUABLE

TIMBER LAND

in Dorchester County. This tract is situated in "Buckey's Neck," on Fawn's Creek, near Bear Church Creek, and contains

**90¼ ACRES.**

The said land formerly belonged to the late Charles Tubman, has not been pillaged or trespassed upon, and is almost entirely covered with heavy timber, suitable for ship building. From the character of this land and its proximity to navigable water, it may be considered as offering greater inducements to purchasers than perhaps any land in the county. For the convenience of purchasers, the timber will be divided into lots of 100 acres each; the title is indisputable. Terms made known on the day of sale.

## THOMPSON'S VEGETABLE WO M SYRUP,

PREPARED BY

DOCTOR J. C. THOMPSON,

CAMBRIDGE, MD.

The most common cause of Worms is a weakness of the bowels, with bad digestion. Worms never infest persons in a healthy state, whose bowels contain a preternatural quantity of Mucus or Slime, although many children who appear to be in good health, are subject to them. I have very great pleasure in recommending my Vegetable Worm Syrup, as a safe and efficient remedy for the removal of Worms. It is well known to the Medical profession, that a great many children are brought to a sad condition by reason of Worms, and many children are annually sacrificed from the effects of their not being timely expelled from them. It therefore becomes a subject of great importance, to know when they are in existence, and to be prepared with a remedy that will be certain to expel them.

It is a matter of much importance to every mother, that her children, although numerous, should be kept healthy and free from Worms, for the purpose of their comfortable and healthy growth and development, and that they may be enabled to pursue their studies with a clear head and healthy body, and not be retarded in their progress by the pains and sufferings which are the consequence of Worms.

In consequence of my frequent failures in attempting to expel Worms from children, I have been induced to prepare a remedy in common use, which I have found to be a certain remedy for the use of which I have had abundant testimonial in favor of the cause of managing and to be interested in the success of the Vegetable Worm Syrup.

The most remarkable Vermifuge is prepared entirely of Vegetable extract, and contains no mineral or other deleterious matter, and can be administered to children of the most tender age, and can be administered to adults as a powerful remedy in all cases and under all circumstances, and in all climates, and in all seasons of the year, and in all diseases, and in all ages, and in all stages of Worms, and in all cases,
