TREASURER:
THE BANK OF NEW YORK.

It would be idle to suppose there are any so ignorant of passing events as not to have heard of the wonder of the age, "*The Great Word's Fair.*" It would be absurd to suppose that any who have heard of this event would not have a strong desire to witness this novel, gigantic and grand exhibition. But amid the tens of thousands in whom this desire exists, there are thousands *unwilling* and thousands *unable* to make the necessary outlay for a journey to and from London. To every one of these an Engraving, which shall be valuable as well because it is a truthful picture of the interior of this fairy-like crystal palace, as because it exhibits the extremest perfection of art, will be an object of interest.

We have taken the trouble to ascertain, by a careful and elaborate estimate, that to produce an engraving worthy of this memorable occasion, and to make 4,000 copies of it, would cost at least $5,000. For such an engraving the printsellers would charge certainly $10, probably $15 a copy, and pocket perhaps $20,000 of profit. Instead however of letting this enormous sum be swallowed up by the print-sellers, we will publish the engraving by co-operation, so that each subscriber can obtain a copy, at to say the least, *one half the price the print-seller would charge*, and then have a large sum to spare to distribute as prizes.

First, we intend to secure the services of a first-rate American Artist, who will proceed to London and make a sketch of the *interior of the Great World's Fair in the zenith of its splendor, when everything will be displayed to the greatest possible advantage on the occasion of the visit thereto of the projector, the* Prince Albert, his consort the Queen of England, and their children.—From this sketch the engraving will be made, and will form the most magnificient and interesting tableaux.

The number of Subscribers is limited to 4,000.

Each subscriber will be entitled to a copy of the Engraving and a chance for one of 50 Prizes. The accounts will stand thus:

4,000 subscriptions at $5 each, will be	$20,000
The engraving, and 4,000 copies will cost .	$5,000
The expense of management, advertisements, &c., &c., will not exceed	2,500
Total expenditure .	7,500
Which deducted from $20,000 leaves	$12.500

This $12.500 is to be divided into 50 prizes—25 First Class, and 25 Second Class.

These prizes to be distributed among the subscribers in the ordinary manner of Art-Unions.

Prizes:

Each first class prize will be a first cabin passage from New York to London and back, with every requisite for the voyage, together with $100 for expenses in London.

Each second class prize will be a first cabin passage from New York to London and back, with every requisite for the voyage

The 25 first class prizes will be equal to . . .	$7,500
The 25 second class prizes will be equal to. . . .	5,000
	$12,500

The shares and prizes will be transferable at the option of the holders.

The drawing will take place as soon as the shares are taken, (nearly one-half are already taken,) and in ample time to permit every prize-holder to proceed to London so as to be there at the commencement of the Fair.

The whole will be under the management of a Committee of the Subscribers, and so conducted as will not fail to give the most entire satisfaction to every subscriber.

HOPKINS'
Antalgic Liniment,

FOR THE CURE OF

Rheumatism, Lumbago, Sciatica, Neuralgy, Face ache, Tooth-ache, Sore Throat, Bruises, Sprains, &c.

Prepared only by
S. B. HOPKINS & CO.
EASTON, MD.

THE most painful and distressing maladies known to humanity may be embraced under the general term *Neuralgy.* Algic affliction of the nerves are as common as they are intolerable, attacking all classes and ages in every variety and form.

Tooth-ache (bad as it is,) presents but a modification of that class of disorders whose most fearful developments may be traced in the insufferable agonies of *Tic Douloureaux.* Rheumatism, too, while it keeps on the rack the tortured sensibilities of so many sufferers, disqualifies a large portion of those means of locomotion so necessary to their maintenance and comfort. Crippled and care worn the victims of this universal malady appeal strongly to us for our sympathy and aid.

To assauge pain, and thus contribute to the duration of happiness of human life, is certainly an object worthy the exertions of the benevolent and philanthropic, and every contribution to so important and praiseworthy an object should be hailed by all as a blessing.

The design of Hopkins' Liniment is to remove the affections referred to, as well as all others of a kindred character—and it may be permitted us to add, that we promise nothing we are not competent to perform. It is no part of the proprietor's place to indulge the terms of fulsome laudation with which so many of the popular medicines of the day have been trumpeted before the public. They desire only a candid and impartial test of the virtues of the Liniment, convinced that the results will amply vindicate its claims to public confidence.—In all Neuralgic and Rheumatic affections, such as *Facial Neuralgy, Tic Douloureux, Lumbago, Sciatica,* as well as an external application in *Sore Throat, Tooth-ache &c. &c.* this Liniment will prove indeed an invaluable boon to the afflicted.

In the vicinity of the Proprietors own residence it enjoys the most exalted reputation, as might be demonstrated from certificates of the most judicious and reputable persons. The certificates appended will recommend themselves by the clearness and directness of their statements, and the intelligent and highly reputable source from whence they emanate.

Certificates.

Mr. S. B. Hopkins, Dear Sir—I feel great satisfaction in certifying to the good effect your Liniment has produced in the several cases, (four in number) that have come under my supervision.—My wife, who has suffered most acutely for years past from that appalling, and in her case hitherto incurable disease, *Neuralgia,* has found decided relief from the simple application of the Liniment to the part affected. The application was made upon the approach of an attack, and no discoloration or other unpleasant effects are left on the skin.

Yours very truly,
JAS. N. GOLDSBOROUGH,
Woodstock, near Easton, April 25th 1850

This is to certify that I have used Hopkins' Liniment in my family with the most satisfactory success. My sister, Mrs. Harrison, was afflicted with a pain in the neck and shoulder so severely that she could not turn her head without great suffering, but one bottle of the Liniment effected a complete cure.—One of my servants was also afflicted with Rheumatism, and was cured effectually by using the Liniment. I give this certificate with great pleasure.

Dear Sir—This is to certify that my wife suffered severely for a long time with a violent pain in her left jaw, so intense that she was unable to chew upon it for five or six weeks. I procured a bottle of your Liniment and before she had used one-half she was entirely cured. REUBEN TALL.

EASTON, March 19, 1850.

Mr. Samuel B. Hopkins—

Dear Sir—Some time during last year I was so severely afflicted with Lumbago as to be for near two days unable to turn myself in bed without the most excruciating pain; to relieve which I had recourse to the usual remedies, but found no ease until happily I was induced to try your inestimable Liniment, which immediately relieved me, after two applications.

Yours, &c. THOS. BEASTON.

COLLEGE GREEN, Cecil Co., Md.

Mr. Hopkins.—Dear Sir:—My mother an elderly lady, sprained her knee joint badly, which caused her the most excruciating pain; the joint was also much swollen. The only remedy at hand was the bottle of Liniment you presented me with, was immediately applied and entirely relieved the pain and had great effect in reducing the swelling.

We have no doubt of the good effect of your Liniment in this case, and if you see proper to make this statement public, you can do so with pleasare. With much respect, your ob't serv't,

EASTON, 12th January, 1850.

I hereby certify that after a trial of the medicine manufactured by Mr. Samuel B. Hopkins for Rheumatism, having purchased one bottle of him and tried it, I consider it the best remedy I have seen for that complaint.

JAMES PARROT.

From Rev. T. L. McLean.

HOPKINS' LINIMENT has been quite remedial in a case of Face-ache in my family.

T. L. MCLEAN,
Easton, March 16, 1850.

MR. S. B. HOPKINS—*Dear Sir:* I made use of the Liniment obtained from you, and its effects were beyond my most sanguine expections. For years I have been a martyr to the Head ache—a large portion of my time being passed in excrutiating pain. The first application of your remedy, greatly to my surprise and gratification relieved me immediately. My wife also has tried it and with the same success. Should it opperate in other cases as it has in mine, no doubt it will be one of the most popular medicines ever offered to the public.

Your's Respectfully,
Jan. 10, 1850 S. HARRINGTON.

Desirable Property for Sale.
RARE INDUCEMENT.

BY virtue of authority, derived from the last will and testament of Thomas White, deceased, the undersigned will expose at public sale on

MONDAY 10th of February next,

the property in the town of Cambridge, known as the

"Dorchester House,"

with the grounds attached thereto.

This property for eligibility of location is not surpassed by any Tavern on the Eastern Shore. The house is built of the best brick, and is sufficiently commodious. All the necessary out Houses to wit: Stables, Sheds, lofts, carriage-houses, corn house, smoke house, with a large and newly built brick Ice-house are attached to the premises. The grounds compose some three acres.—The front yard is beautifully improved by luxuriant Elm trees, making the most pleasant summer resort in the town.—The garden is sufficiently large for all useful purposes. The property fronts on "Race street," and is bounded on the North by "Gay Street." On the North West corner is a large Brick one story HOUSE, now occupied as o drug store, which rents for $100. The entire property is located in the centre of the beautiful town of Cambridge, now improving in fine buildings and increasing with an industrious population. The whole travel of the Eastern Shore, passes through Cambridge, and two steamboats ply regularly twice a week each, between this place and Baltimore.

Those disposed to purchase, it is presumed will examine the premises, and indeed the executors earnestly desire the most careful review. It will be found to surpass any description they could give. The rent has heretofore been $440.00.

A long credit will be given, the purchase money being satisfactorily secured, and the interest regularly paid. The title is indisputable.

If the above property is not sold on the above mentioned day, it will be for rent in the early part of the Spring.—The house has always commanded a large and valuable patronage.

All communications touching the sale should be addressed to the undersigned.

THOS. W. ANDERSON,
JOSEPH E. MUSE, Jr.

CAMBRIDGE ACADEMY.

THE Trustees are pleased to inform the public at large and especially the citizens of Dorchester county, that this Academy was opened on the 1st Monday in Oct. last under a more efficient organization than it has had for a number of years.

The classical department is under the direction of Professor Benjamin B. Griswold, late of St. Timothy's Hall, and the English department under that of Gardner Bayley, Esq., whose reputation as an English Teacher has been known to the citizens for many years.

A partial Examination & an Exhibition of the students of the classical department, which took place at the Court House in Cambridge, on the evening of the 21st ult., gave to the Patrons the most flattering indication of the ability of Mr. Griswold. The manly confidence of the Boys in the speeches, and their prompt answers to all questions, the clear translation of the classics, bespoke a thorough comprehension of every thing they had been taught. The reputation of Mr. Griswold has already brought a large accession of scholars. The number of students has nearly doubled in three months, and more will enter the department at the commencement of the new year.

Owing to the small number of scholars at the time of Mr. Griswold's appointment, the Trustee's deemed it indispensible to pass a Resolution raising the price of Tuition, for the current year, in the classical department, to $30 per annum for each student. They trusted to the liberality of the Patrons, and believed that those Parents who wished their sons to have a liberal Education, would appreciate their motives.

The course of studies in the classical department will be as follows:

LATIN COURSE.

Arnold's First and Second Latin Book, Arnold's Latin Prose Composition, Latin Grammar, Latin Reader, Cornelius Nepos, Cæsar's Commentaries, Ovid (Metamorphoses and Fasti), Sallust, Virgil (Eclogues, Georgics and Æneid), Cicero (Select Orations, also de Senectute, de Amicitia, de Officiis &c.,) Livy, Horace (Odes, Epodes and Satires), Tacitus (Germania, Agricola &c.); also Latin Versification, &c. &c.

GREEK COURSE.

Arnold's First Greek Lessons, Arnold's Greek Prose Composition, Greek Grammar, Greek Reader, Xenophon (Anabasis and Cyropœdia), Homer, Herodotus, Thucydides, Euripides, Aristophanes, Sophocles, Greek Versification &c.&c.

Combined with the Classical Course, continual attention is paid to Greek and Roman History, Greek and Roman Antiquities, Ancient Geography, &c.

FRENCH LANGUAGE.

The FRENCH LANGUAGE *and Literature* will be taught at an extra charge of $5.00 per quarter, or $20.00 per year, to all who may desire it.

In order to keep pace with the improved condition of philological and other learning, students must be expected to provide themselves, on becoming connected with the Academy, with such Text-Books as are here made use of;)after due examination into their respective degrees of advancement).

The English department affords an opportunity for a full course of English Instruction from its rudiments to its highest branches, including Land Surveying, Mathematics, &c. Tuition in this department $16 per annum.

While the Trustees thus present to the public the qualifications of the Gentlemen who have charge of the Cambridge Academy, and feel assured that their Professional ability and experience hold out to Parents the certain prospect that their sons will receive a thorough and liberal Education, they are constrained to say that the present building used for the Academy is dilapidated and wholly unsuited to that purpose; and if the Institution should prosper, would be too small for the accommodation of the scholars. They therefore propose to attempt in a short time, to secure funds by subscription or otherwise, to erect a new building and hope that the demand when made upon their fellow citizens, will be responded to in a spirit of liberality which will indicate their disposition to encourage Learning and enable the Trustees to build an Academy that will be an ornament to Cambridge and secure an Institution which will be an honor to the county.

JAMES DIXON,
Sec. and Treas. of the Board of Trustees.
