Md. Reform Convention.

ANNAPOLIS, Jan. 30, 1851.

The Convention met. Hon. J. G. Chapman, presiding.

Mr. M. Newcomer presented a petition of sundry citizens interested in the inspection of tobacco, flour, liquors, fish, lumber, lumber, wood, coal, plaster of Paris, lime and guano, that the principles of a free inspection may be engrafted upon the constitution. Referred to the Committee on Inspections.

On motion of Mr. Presstman, the Judiciary Committee were authorised to inquire into the propriety of reporting a provision, that the rights and interests of parties to a suit shall not be affected by any law passed during the pending of such suit, in any Court of this State.

The Convention then resumed the consideration of the resolution offered yesterday by Mr. Stephenson, changing the hour of meeting to ten o'clock.

A call of the Convention was had on the motion of Mr. Sappington, when the resolution was passed, by yeas, 43, nays 26.

On motion of Mr. Brown, the Convention passed to the order of the day, being the articles reported to compose a Declaration of Rights.

The question being on the amendment proposed by Mr. Chambers, of Kent county, to that proposed by Mr. Presstman, to the 1st article.

Mr. Ridgely declined claiming the floor to finish his argument commenced yesterday.

Mr. Fiery moved the previous question, but it was not ordered.

The subject was then further debated, but without coming to a vote, the Convention adjourned.

ANNAPOLIS, Jan. 29, 1851.

Mr. Dorsey presented a petition of James Sykes and others, that Howard District may be erected in a county, to be called Howard county; and moved its reference to the Committee on Representation. On motion of Mr. Bowie it was referred to a select committee, composed of Messrs. Dorsey, Bowie, Smith, Harbine and Ricaud.

On motion of Mr. Magraw, a committee was appointed, consisting of Messrs. Magraw, Dirickson and Sappington, to ascertain what alterations can be made in the Hall that will add to the comfort of the members of the Convention.

Mr. Stephenson moved, that from and after Monday next the Convention met at 10 o'clock, A. M., except Monday, on which day the hour of meeting shall be 12 M.

Mr. Ridgely moved to lay it on table. Negatived—yeas 35, nays 37.

On motion of Mr. J. Newcomer, "twelve o'clock" was stricken out, and "ten o'clock" inserted—yeas 40, nays 37

On motion of Mr. Morgan, the Convention was called. After calling the roll, on motion of Mr. McHenry, further proceedings under the call was dispensed with.

On motion of Mr. Brown, all that portion of the order fixing the hour of meeting on Monday was stricken out.

Mr. Tuck moved to meet on Monday at 12½ o'clock—negatived.

Mr. Morgan moved that the order lay on the table. Negatived—yeas 38, nays 40.

The hour having arrived for proceeding with the order of the day.

Mr. Harbine moved to postpone the order of the day. Negatived.

Mr. Jenifer, chairman of Committee No. 14, submitted the following article to the Constitution, in lieu of the former article on the same subject reported from said committee, and in lieu of the substitute proposed by Mr. Bowie for said first reported article to-wit:

"The Legislature shall not pass any law to abolish or change the relation of master and slave as it now exists in this State." Which was read and unanimously adopted. [So the Convention, after a session of three months, have adopted one article towards a new constitution.]

The order of the day (the articles reported to compose a Declaration of Rights) was then proceeded with.

The question, being on the amendment proposed yesterday by Mr. Presstman to the 1st article, and the further amendment proposed thereto by Mr. Hicks.

A debate arose, in which Messrs. J. U. Dennis, Hicks, Steward of Caroline, Wright, Phelps, Chambers and Brown participated, when Mr. Brown moved the previous question, but it was not ordered.

The question was then taken on Mr. Hicks' amendment, and it was rejected by yeas 27, nays 51.

Mr. Chambers, of Kent, moved to add to the amendment proposed yesterday by Mr. Presstman, the following:—"According to the mode authorized by the constitution or laws of the land."

Mr. Ridgely commenced an able argument against the last named amendment, when the Convention adjourned.

Edward M. Wise, of Baltimore city, appointed Messenger to the Executive Department yesterday, entered upon the discharge of the duties this morning.

DEATH OF THE HON. D. S. KAUFMANN.—Hon. David S. Kauffman member of Congress from Texas, died suddently at the Irving Hotel, Washington city, at 5 o'clock, yesterday afternoon. The Republic of this morning says:

We are informed that Mr. KAUFMANN was apparently in his usual health yesterday, and that sometime after the adjournment of the House of Representatives, which took place at about half past three, p. m, he was standing in front of the hotel where he lodged, conversing with a friend, when he suddently complained of a pain in his side, retired to his room at once, and in a few minutes was a corpse. Mr. KAUFMANN was, we believe, a native of the State of Maine, but for several years past resided in eastern Texas. He was one of the two Representatives chosen to represent that State on her admission into the Union, which position he continued to occupy up to the hour of his death, with signal credit to himself and satisfaction to his constituents. Here, as elsewhere, we understand he was respected by all who knew him or had intercourse with him, for his kindness of heart and gentlemanly demeanor.

Dr. Oliver Wendell Holmes, the poet, is writing a biographical sketch of the late Dr. Parkman to form a part of a work entitled, "The Benefactors of the Medical School of Harvard University," of which Holmes is one of the Professors.

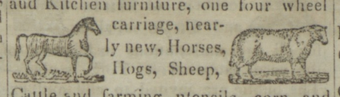
SALE OF REAL AND PERSONAL ESTATE.

IN pursuance of an order of the Orphan's Court of Dorchester County, I will sell at public sale, on

TUESDAY the 18th day of February,

commencing at 10 o'clock, at the late residence of John W. D. Traverse, on Taylors Island, all the said deceased's personal Estate, consisting of House-hold and Kitchen furniture, one four wheel carriage, nearly new, Horses, Hogs, Sheep,



Cattle and farming utensils, corn and fodder, an interest in ferry scow, to be delivered after the 10th May, cord wood, a schooner, about 18 months old, copper fastened and will carry about 50 cords of wood, and numerous personal effects not particularized.

And by virtue of authority derived from the last will and testament of said deceased, I will offer for sale at the store of Travers & Keene, on Taylors Island, on

SATURDAY the 15th day of March,

between the hours of 10 and 2 o'clock, all the real estate of which the deceased died seized, consisting of the following lands, to wit:

The farm on Taylors Island adjoining the lands of Solomon F. Kirwan and William D. Traverse, Esqrs., called "ROBINSONS REGULATION or the ROBINSON NECK FARM," Containing 256 3-4 acres of land more or less, a fair proportion of which is well timbered; a further description of the land is deemed unnecessary, as purchasers will examine for themselves.

The farm called PROSPECT, on Taylors Island (together with a lot of 7 acres connected thereto,) on Taylors Island, near the upper ferry, a fair proportion of which is in timber, and containing some 130 acres more or less.

Two lots of timbered land on the Main, adjoining the ferry lands of Jeremiah L. Pattison, Esq., being part of "POLLARDS ENCLOSURE" 20 acres more or less, and TRAVERSE' ADDITION 6 1-2 acres more or less.

The terms of sale of the personal Estate will be such as are usual at such sales, and the lands will be sold for one third cash, the balance in six and 12 months, the purchaser giving bond with unquestionable security, bearing interest from the day of sale; after the payment of which, deeds will be given.—Further particulars if required will be made known on the day of sale.

THOS. B. TRAVERSE, Ex'or.,
of John W. D. Traverse.

N. B. The late residence of the deceased containing some twelve acres of land, with all necessary buildings and improvements, will be for rent, for the balance of this year, after the sale of the personal estate, for terms apply to Thomas B. Traverse, Esq., or

WM. REA, Guardian.

TREASURER:
THE BANK OF NEW YORK.

It would be idle to suppose there are any so ignorant of passing events as not to have heard of the wonder of the age, "*The Great Word's Fair.*" It would be absurd to suppose that any who have heard of this event would not have a strong desire to witness this novel, gigantic and grand exhibition. But amid the tens of thousands in whom this desire exists, there are thousands *unwilling* and thousands *unable* to make the necessary outlay for a journey to and from London. To every one of these an Engraving, which shall be valuable as well because it is a truthful picture of the interior of this fairy-like crystal palace, as because it exhibits the extremest perfection of art, will be an object of interest.

We have taken the trouble to ascertain, by a careful and elaborate estimate, that to produce an engraving worthy of this memorable occasion, and to make 4,000 copies of it, would cost at least $5,000. For such an engraving the printsellers would charge certainly $10, probably $15 a copy, and pocket perhaps $20,000 of profit. Instead however of letting this enormous sum be swallowed up by the print-sellers, we will publish the engraving by co-operation, so that each subscriber can obtain a copy, at to say the least, *one half the price the print-seller would charge*, and then have a large sum to spare to distribute as prizes.

First, we intend to secure the services of a first-rate American Artist, who will proceed to London and make a sketch of the *interior of the Great World's Fair in the zenith of its splendor, when everything will be displayed to the greatest possible advantage on the occasion of the visit thereto of the projector, the* Prince Albert, his consort the Queen of England, and their children.—From this sketch the engraving will be made, and will form the most magnificient and interesting tableaux.

The number of Subscribers is limited to 4,000.

Each subscriber will be entitled to a copy of the Engraving and a chance for one of 50 Prizes. The accounts will stand thus:

4,000 subscriptions at $5 each, will be	$20,000
The engraving, and 4,000 copies will cost .	$5,000
The expense of management, advertisements, &c., &c., will not exceed	2,500
Total expenditure .	7,500
Which deducted from $20,000 leaves	$12,500

This $12,500 is to be divided into 50 prizes—25 First Class, and 25 Second Class.

These prizes to be distributed among the subscribers in the ordinary manner of Art-Unions.

Prizes:

Each first class prize will be a first cabin passage from New York to London and back, with every requisite for the voyage, together with $100 for expenses in London.

Each second class prize will be a first cabin passage from New York to London and back, with every requisite for the voyage

The 25 first class prizes will be equal to . . .	$7,500
The 25 second class prizes will be equal to. . .	5,000
	$12,500

The shares and prizes will be transferable at the option of the holders.

The drawing will take place as soon as the shares are taken, (nearly one-half are already taken,) and in ample time to permit every prize-holder to proceed to London so as to be there at the commencement of the Fair.

The whole will be under the management of a Committee of the Subscribers, and so conducted as will not fail to give the most entire satisfaction to every subscriber.

HOPKINS'

Antalgic Liniment,

FOR THE CURE OF

Rheumatism, Lumbago, Sciatica, Neuralgy, Face ache, Tooth-ache, Sore Throat, Bruises, Sprains, &c.

Prepared only by

S. B. HOPKINS & CO.

EASTON, MD.

THE most painful and distressing maladies known to humanity may be embraced under the general term *Neuralgy.* Algic affliction of the nerves are as common as they are intolerable, attacking all classes and ages in every variety and form.

Tooth-ache (bad as it is,) presents but a modification of that class of disorders whose most fearful developments may be traced in the insufferable agonies of *Tic Douloureaux.* Rheumatism, too, while it keeps on the rack the tortured sensibilities of so many sufferers, disqualifies a large portion of those means of locomotion so necessary to their maintenance and comfort. Crippled and care worn the victims of this universal malady appeal strongly to us for our sympathy and aid.

To assauge pain, and thus contribute to the duration of happiness of human life, is certainly an object worthy the exertions of the benevolent and philanthropic, and every contribution to so important and praiseworthy an object should be hailed by all as a blessing.

The design of Hopkins' Liniment is to remove the affections referred to, as well as all others of a kindred character—and it may be permitted us to add, that we promise nothing we are not competent to perform. It is no part of the proprietor's place to indulge the terms of fulsome laudation with which so many of the popular medicines of the day have been trumpeted before the public. They desire only a candid and impartial test of the virtues of the Liniment, convinced that the results will amply vindicate its claims to public confidence.—In all Neuralgic and Rheumatic affections, such as *Facial Neuralgy, Tic Douloureux, Lumbago, Sciatica,* as well as an external application in *Sore Throat, Tooth-ache &c. &c.* this Liniment will prove indeed an invaluable boon to the afflicted.

In the vicinity of the Proprietors own residence it enjoys the most exalted reputation, as might be demonstrated from certificates of the most judicious and reputable persons. The certificates appended will recommend themselves by the clearness and directness of their statements, and the intelligent and highly reputable source from whence they emanate.

Certificates.

Mr. S. B. Hopkins, Dear Sir—I feel great satisfaction in certifying to the good effect your Liniment has produced in the several cases, (four in number) that have come under my supervision.—My wife, who has suffered most acutely for years past from that appalling, and in her case hitherto incurable disease, *Neuralgia,* has found decided relief from the simple application of the Liniment to the part affected. The application was made upon the approach of an attack, and no discoloration or other unpleasant effects are left on the skin.

Yours very truly,
JAS. N. GOLDSBOROUGH,

Woodstock, near Easton, April 25th 1850

This is to certify that I have used Hopkins' Liniment in my family with the most satisfactory success. My sister, Mrs. Harrison, was afflicted with a pain in the neck and shoulder so severely that she could not turn her head without great suffering, but one bottle of the Liniment effected a complete cure.—One of my servants was also afflicted with Rheumatism, and was cured effectually by using the Liniment. I give this certificate with great pleasure.

THOS. ATKISON.

Near Trappe, Talbot co., Sept 20, 1850.

TOBACCO STICK, Dorchester co., Md., May 28th, 1850.

Dear Sir—This is to certify that my wife suffered severely for a long time with a violent pain in her left jaw, so intense that she was unable to chew upon it for five or six weeks. I procured a bottle of your Liniment and before she had used one-half she was entirely cured. REUBEN TALL.

EASTON, March 19, 1850.

Mr. Samuel B. Hopkins—

Dear Sir—Some time during last year I was so severely afflicted with Lumbago as to be for near two days unable to turn myself in bed without the most excruciating pain; to relieve which I had recourse to the usual remedies, but found no ease until happily I was induced to try your inestimable Liniment, which immediately relieved me, after two applications.

Yours, &c. THOS. BEASTON.

COLLEGE GREEN, Cecil Co., Md.

Mr. Hopkins.—Dear Sir:—My mother an elderly lady, sprained her knee joint badly, which caused her the most excruciating pain; the joint was also much swollen. The only remedy at hand was the bottle of Liniment you presented me with, was immediately applied and entirely relieved the pain and had great effect in reducing the swelling.

We have no doubt of the good effect of your Liniment in this case, and if you see proper to make this statement public, you can do so with pleasure. With much respect, your ob't serv't,

EASTON, 12th January, 1850.

I hereby certify that after a trial of the medicine manufactured by Mr. Samuel B. Hopkins for Rheumatism, having purchased one bottle of him and tried it, I consider it the best remedy I have seen for that complaint.

JAMES PARROT.

From Rev. T. L. McLean.

HOPKINS' LINIMENT has been quite remedial in a case of Face-ache in my family.

T. L. MCLEAN,
Easton, March 16, 1850.

MR. S. B. HOPKINS—*Dear Sir:* I made use of the Liniment obtained from you, and its effects were beyond my most sanguine expections. For years I have been a martyr to the Head ache—a large portion of my time being passed in excrutiating pain. The first application of your remedy, greatly to my surprise and gratification relieved me immediately. My wife also has tried it and with the same success. Should it opperate in other cases as it has in mine, no doubt it will be one of the most popular medicines ever offered to the public.

Your's Respectfully,
Jan. 10, 1850 S. HARRINGTON.
