Monday 21st May 1810

commences with a Brisk S.W. Breeze
(the Water has a Greenish appearance which
the Captain said denoted being near the
Sail of the N. Foundland Banks) the Ship
Sailing generally a N.W. Course, at 6 A.M.
saw a Sail to Windward Standing to the
Eastward, at 4 P.M. saw another to
Leward Standing in the same direct.

L41.04

Sunday 22 May 1810

Wind at S.W. & Moderate the Ship Making
a N.W. by W. Course, supposing to be on the
Southern Point of the N. F. Banks
tried Sounding for Soundings
but could find none, a Number of
Birds in Sight said to boat about the
Banks employed in Shooting this the
day, Shot three Gyrhagdens and one
N. F. L. Boatswain which were fat and
L41.28 eat pretty well when Split & Roasted
at 8 P.M. the Wind came round to
E.N.E. wh. enabled us to steer a W. & W.
Course, it freshened up & blew steady from
the same point at the rate of from 7 to 8
knots this the Night

Sunrise of Mother Carey's Chickens were also in Sight
they are very fine, & handsome but a little Cayn

Wednesday 23 May 1810

the Wind continued steady as during the Night
the Ship steering a W.S.W. Course, at 2 this
period two Ships steering Eastward at ha.
past 4 Spoke the Ship Belgath bound
thence, also an American Brig in
Company that sailed from Philadelphia, bound to Bagat
& reported that the New Sulta-
Coins was off, about 8 period N. Sail
Steering East, Moderate this the day
Wind at E.N.E. Ship Making a S.W. by
W. Course, saw several Whales bound
from the Northward to the Southward
at 2 P.M. Sounded but could find
no Bottom with an 100 fathoms of line
the Air sharp & Cold at 3 P.M. saw a
Ship steering S.E. but being at a dis-
tance did not Speak her few Birds
seen this day, moderate inclining to a Calm

L41.16

Thursday 24 May 1810

Winds Variable & moderate, saw a great many
Porpoises, find at one but did not kill, at 8
P.M. no Sparks Phosphorus from the N.E. but shortly
fell off Calm during the most of the Night

L41.26
