He has been attended by Drs. Billingslea and J. T. ## Abuses to be Corrected.

For some time past boys and others having no special business at the railroad depot have been in the habit of gathering on the platform on the arrival of trains and crowding and incommoding passengers, entering or leaving the cars, and otherwise interrupting the business. The railroad authorities have determined to correct the abuse and also to punish the repetition of a much more reprehensible practice, said to have been indulged in by a lot of boys who have been in the habit of standing on the high platform and throwing sand in the windows of the Pen-Mar Express and spitting on the faces of the passengers. Some of these boys, at great risk to themselves, have been also in the habit of jumping on and off the platforms of trains while in motion. None of these practices will be permitted in the future. In pursuance of this determination a boy who jumped on the platform of a moving train, on Thursday, was taken before Justice Mathews, who imposed a fine of one dollar and costs. This action is an earnest of the determination to correct the abuses referred to.

At the meeting of the School Board on Monday, a petition from a large number of the patrons of Uniontown school was received, asking for the retention of Mrs. Laura V. J. Baxter as assistant teacher. It was granted.

A number of repairs were authorized, and a number of miscellaneous bills were passed and ordered paid.

It appearing impossible to secure a suitable lot for a schoolhouse at Mt. Airy, in time for the erection of a house this summer, it was determined that a room should be rented for a school until a suitable site could be secured.

## A Heavy Storm.

The heaviest rain known here for many years passed over this city on Tuesday afternoon between 6.30 and 7.30 o'clock. The wind blew with great violence and the lightning was vivid and the thunder loud. Fortunately the storm does not appear to have been very widespread and the damage inflicted by it, though considerable, was not great. A good many trees were blown down and branches wrenched off, the roads and cornfields within the limits of the storm were badly washed and some fencing washed away on Meadow Branch. Main street and Pennsylvania avenue, in this city, were damaged by the water, which tore away the macadamizing along the gutters to some extent, and the tracks of the Western Maryland Railroad were flooded to the depth of a foot or eighteen inches. It is reported that an abutment of the bridge over Morgan's Run, on the Washington Road, was torn away by the force of the water.

## Ladies Insulted.

The neighborhood between Warfieldsburg and Stone Chapel has been disturbed at intervals, for several months past, by the unseemly conduct of a man who has taken apparent delight in frightening and insulting ladies of the vicinity. His actions have sometimes been threatening and sometimes indecent. On Sunday last, he grossly insulted three highly respectable ladies, who were on their way to church services at Stone Chapel, by appearing at the wayside in a partially nude condition as they were passing. The frightened ladies hastened to the Chapel and gave the alarm, but could not give such a discription of the individual as to lead to his identification, and so, though the woods were scoured, the man was not found. Naturally there is considerable excitement in the locality as well as fear among the women concerning the reprehensible conduct of the man. Suspicion attaches to a certain party as the individual who has been perpetrating these outrages. Measures should be taken to identify and apprehend him so that he may be made to feel the full force of the law provided for such cases.

## Burns Post Excursion to Gettysburg.

The excursion to the battlefield of Gettysburg, on Saturday last, under the auspices of Burns Post No. 13, G. A. R., of this city, was a very enjoyable affair. The excursionists, numbering upwards of two hundred, were charmed with the scenery, especially in the mountains. Many beautiful landscapes came into view as the train sped onward, giving a succession of surprises, and delighting the eyes of the beholders. Arriving at Gettysburg the excursionists, headed by the Warfieldsburg Band, marched to the McClellan House, where, under the direction of Capt. Long, they took carriages and were driven over the battlefield. The scene of the first day's fight was visited before dinner, Capt. Long delivering a lecture at the point where Gen. Reynolds fell, and giving an interesting description of the conflict on that occasion. Returning to the McClellan House, "mine host" Dillar had an excellent dinner prepared, to which, with sharpened appetites, the excursionists did full justice. After dinner the scene of the second and third days' conflict was visited, still under the guidance of Capt. Long, who delivered several lectures, pointing out the localities of the most momentous and important movements and combats of the great historical event, to the great satisfaction of his hearers. Much was learned of the battle which proved the turning point in the war for the Union, and those who made the trip were well repaid for the trifling expenditure involved and all came back to their homes well satisfied with the experiences of the day. The run back to Westminster gave another opportunity to view the magnificent scenery along the line of the Western Extension and Western Maryland Railroads, and though wearied by the efforts of the day the excursionists generally made the most of it. The Warfieldsburg Band enlivened the trip, going and returning, with excellent music.

The annual pic nic of the Deer Park Sunday School will be held on Saturday, August 29th, commencing at 9 o'clock, A. M. A band of music will be present to enliven the occasion, and speakers from abroad to deliver addresses. There will be ice cream and confectionery in abundance.

## Hampstead Items.

On Thursday evening last the country home of Mr. John W. Kellbaugh, adjacent to this city, was the scene of a very pleasant social gathering of ladies and gentlemen. The occasion was a party given by Mr. and Mrs. Kellbaugh in honor of their guest, Miss Virgie Banta, of Gratis, Ohio. While the shadows of twilight were softly falling the vehicles began to arrive and the beautiful lawn was soon filled with a large company, all of whom, judging from their happy countenances, were anticipating a pleasant time. After several games of croquet, interspersed with enlivening conversation, the approaching darkness suggested a change of the program, when all prepared to witness a fine display of fireworks consisting of Roman candles, Greek fire, and sky rockets, which beautifully illuminated the lawn, to the great delight of the company, who, after witnessing this feature of the evening were invited to the parlor where various games were at once introduced. After a considerable while spent in this manner another very pleasant feature of the evening was introduced, in the refreshments, which consisted of ice cream, cake and other tempting viands, elegantly served. This proved to be a game that all were well able to play, which may account for the enthusiasm with which they entered into it. Conversation flowed along pleasantly and all were prepared to enjoy the fine selections of vocal and instrumental music rendered by Miss Banta. All fain would have lingered "a little longer" to hear more of the sweet strains, but the hour for departure had arrived. Grain harvest in this vicinity is about over and farmers have generally finished housing their grain except those who are threshing in the field. Messrs. Edmondson & Pool are very busy with their threshers. Mr. B. F. Pool told your correspondent a few days ago that the grain threshes much easier than it has done for several years previous. The chaff is not so heavy and the grain yields much better. Nearly every head has six rows of grains while for some years before they only had four. The rains during the last two weeks threw the farmers back in getting in their grain.

## Eden Items.

## Warfieldsburg Items.

They have been delayed by the frequent rains of which we had one of the heaviest of the season on Tuesday afternoon which did considerable damage to the roads, corn-fields, &c.

The Ranoull property was sold at public sale on Tuesday, and was purchased by Mr. Charles C. Craft, of this place, for $710.

Mrs. J. B. Allison is visiting her sisters, the Misses Gardner, at Reisterstown.

## Manchester Items.

The home of Mr. John W. Burns, on South Main street, was the scene of mirth and merriment for the little folks on Wednesday evening last, on the occasion of the sixth anniversary of the birth of their only daughter, Pearl, who was given a surprise. The invitations called from 6 to 8 P. M. and were well responded to. Pearl was sent to visit a neighbor and brought home to meet a host of her little friends who greeted her with kind wishes and floral gifts. Miss Laura Burns, who is gifted with the art of pleasing the children, received the little folks and introduced the leading features of the merriment and fun. At 8, P. M., they were all taken to the dining room where they enjoyed a bountiful repast of cakes, fruits &c. The good nights were reluctantly said when the bed time hour was announced. Those present were Emma Trump, Lotta Shower, Annie Fuhrman, Lettia Wyant, Florence and Bertha Miller, Lizzie Myers, Grace Leese, Lula Myers, M. Belle Nelson, Daisy and Lizzie Masenheimer, Norma E. Gettier, Sadie and Annie Wink, Hazel Maurath, Emma Trout, Anna Fuhrman, Maggie Houck, Harry Hoffacker, Harry Masenheimer, Ernest Miller, John Abkins, Erie La Motte, Ross Shower, Robert Brilhart, Rudolph Diffenbaugh, Glen Kohn.

Our community seems to have settled down to an unusual quiet during the last week, so that there is not even a ripple upon which to lay hold for corresponding news. The rains of last week gave another set back to harvest operations and the consequence is that the business man's motto, "This is my busy day," is not only displayed but acted upon by all. Already do we hear the shriek of the whistle in all directions as the steam threshers are moving from place to place, so that much of the new crop is already threshed, with gratifying results in most instances. Not only is the yield large but the quality correspondingly good. The oats crop is ripening very fast with promise of a large yield, while corn is making rapid growth since the late rains and gives promise of a good crop.

Dr. R. L. Hoffmeier and wife, of St. Joseph, Missouri, who were the guests of Dr. Jno. F. B. Weaver and wife for several weeks, left on Tuesday for Lineboro and thence to their western home. The doctor was much improved during his stay here. He had been suffering for some months with a complication of diseases that brought on nervous prostration and unfitted him for practical work; but his trip east seemed to be the right thing and built him up to his former state of health. He has become identified with a stock company, of which he is the vice-president, which manufactures Radam's Microbe Killer, put up in gallon jugs, with which he says they are meeting with quite a success in their sales.

A pleasant surprise was given Mr. Jacob Wink, of South Main street, on the occasion of the 46th anniversary of his birth, which occurred on Tuesday last. The affair was arranged by his family and quite a number of the neighbors were invited to be present. An evening of pleasant social conversation and amusements was enjoyed and refreshments of ice cream, cake, fruits, &c., were served.

The members of the M. E. Church of this place will hold a lawn festival upon the grounds of the Church on Friday and Saturday evenings. The proceeds will be for Church repairs. Our best wishes are with them that they may meet with a grand success.

Auctioneer Jacob Hoffman sold at public sale, on Wednesday last, for the heirs of the late George Caltrider, the home farm of 111 acres, situated about a half mile East of Maple Grove, to Mr. Will Caltrider for $28.75 per acre. Mr. Caltrider has been living on the farm for several years.

While Mr. Edward Wise was at work with a hatchet and chisel, one day last week, the hatchet flew off the handle and struck his right hand, cutting away part of the knuckle-bone of the fore finger. Dr. Weaver dressed the wound, which will keep Mr. Wise from work for several weeks.

Messrs. Myers & Albaugh have received a load of iron from Mr. J. C. Helb from which to make 120 hoops 12 feet in diameter to bind the new receiving tubs he is putting into his place preparatory to the distillery of apples.

The Sunday Schools of this place have accepted the invitation to be present at the musical festival in the York Hill grove, which promises to be a grand affair.

Mr. Wesley Hoffacker is having his outbuildings painted to conform to his house, giving his home a neat appearance.

Mrs. John T. Zahn and son, and Miss Turfle, of your city, spent the day with friends here on Wednesday.

Dr. Jno. F. B. Weaver is suffering with an attack of quinsy.

## Fountain Valley Items.

We were visited by a very heavy rainstorm on Tuesday evening last. The wind blew down trees and broke off limbs, and caused considerable fruit to fall. The rain came down in torrents, causing the water to rise very rapidly. Some small bridges and fences were washed away and the roads and cornfields were badly washed in some places.

The prospects for all kinds of crops are good this season. The grain is yielding well, but just how much per acre cannot be stated, as little has been threshed in this section because of the wet weather.

## Linwood Items.

About 6 o'clock on Tuesday afternoon the heaviest rain of the season passed over this section, doing considerable damage, washing the cornfields, roads, &c.

Some of our farmers are done hauling in their grain and have commenced plowing for the next crop; those who have not finished hauling in their grain will be delayed on account of the heavy rain, referred to above. Farmers who have been threshing out of the fields are much pleased with the heavy yield of wheat, of a good quality and bringing good prices, which has rewarded their toil.

## Elegant Fashion Books.

The new Fashion Journals, "La Mode de Paris," and "Album des Modes," published by A. McDowell & Co., 4 West 14th Street, New York, are the most elegant of their kind ever brought to our notice. The styles are drawn by the best artists; and the books are produced by rival houses in Paris, each trying to excel the other in the character of its publications. Formerly they were printed only in French; but they are now published in English for the use of American readers. These journals furnish the styles one month in advance of any similar publications; and they have a *practical* department, in which lessons are given each month on how to make dresses, etc. The admirable fashions, the lessons in dressmaking, and the giving of the styles one month earlier than heretofore are strong points in favor of these Fashion Books, causing them to be called "The Favorites." These excellent publications can be obtained from all newsdealers.
