If you are disposed to be merry, you had better ride down to my House for a few days — you can do but little at home in Winter, and you can see and judge for yourself —

Mrs Key joins me in respects to your Family — my Daughter sends her Love to Margaret, and tell her that Mrs Key has just made me a present of a Daughter, and as is usual on all such occasions, all say it is the sweetest Creature in the World — If any of your family would come with you, we should be very glad to see them

Yrs respectfully

Philip B Key
