Thursday 5th June

The above date was the last record made by my Beloved Father. On Friday he went to bed, and became gradually worse until the evening of Monday June 2nd at 20 minutes past eleven when he went to his rest without a sigh, struggle, & then, as he gave us the most confident assurance, entered upon a life eternal at the right hand of God. Yesterday (June 4th) we followed him to the grave and gave up his dust to that God who will reunite it at the last day, and he become a glorified Spirit.
