In my absence your Letter of the 15 Inst came to hand in it you seem to charge me with a want of punctuality & dispatch in the forwarding of yr. Linens wc. charge I am sure you will be satisfied does not justly lie wh you are acquainted with the circumstances as yr. Linens came to hand you were regularly advised that they should go by the Factor to be sure then at the Quay but ~~so~~ fully

Belfast 27 April 1807

loaded the Tides being then so low ~~that~~ they durst not take any more for fear of her not getting down in time to join the convoy wc. was done by a Lighter in due time previous to her being cleared wc. the last Pack came that Vessel was full & it was shift on the Draper then down the water also in future you may rely on your Goods being regularly shift on the Vessel I advise & in fact I wc. prefer putting them as near the top as possible I hope you never shall have good cause to charge me with negligence
