Belfast 11 July 1807

A MacKay
Drummond } Sir

You Pack AM # 13, was left off the Car alongside of the Grace, to be shipt for London at the same time the Commerce was loading for Lpool & by mistake of the Porters yr Pack was put on board of her & this I did not know till to day when the Commerce was clearing it was too late as it was now the Bottom & the hold loaded however on the presumption that it was intended for Mess Fletcher & Co I have Cons.d it to J Whittle Lpool & desired him to forward it to that house so I hope it will arrive sooner than by long sea as the Convoy will not probably sail before ten days Any Extra Expence attending this transaction I shall cheerfully pay being

Yours &c
C Birnie

Birnie & Cunningham
Dunnimming } Gent.

Belfast 20 July 1807

I find you were advised in the usual way the receipt of yr two Boxes 13 & 14, & that they were too late for the Indiaman In consequence of your's of the 9th I made the necessary enquiry for wh I deem.d it expedient to ship them by way of Lpool on board the Commerce James Kearney M. and sign.d sign the 15 consigned to Mess James Whittle with instructions to forward by the speediest & best conveyance at same time I advised Mess Smith & Biggs & explained the circumstances as fully as possible but did not think but not think it necessary to advise you In this perhaps I was wrong considering information to Mr. S & B sufficient & that you did not desire me to write to you

Yours &c
C Birnie

P S — Your 3 Boxes 4 & Pack are shipt outward on board the Venus to sail with Convoy first fair wind after tomorrow at present not fair

Capt Curran
Dublin } You'll take notice that a Trial is now pending at your area material Witness to take place on Jury next at Carrickfergus I have therefore to request that unless there is every probability of you being here with the Vessel by that time that you will take your seat in the Mail & proceed here immediately I understand that money has been sent to pay your Expences if you leave the Vessel Downs I can act for you till your return
