Dr Sirs On enquiring at the Custom House I am informed that a sighing Note has been lodged for the 2 Casks of Rum — Mr Sweny & Mr Simms say they will pay the Average but the former says, he will most likely require a statement of the Average to lay before the Underwriters here where the insured, the latter say that some Casks of Oil were totaly lost in consequence of being stowed on Deck wh they will look to the Vessel for did you consider any thing of that when adjusting the Average — Yours &c

Dr Sirs — I have yours of the 6 Curt — The Johns has comr loading but little in view tho therefore uncertain how soon she may be up tho you however as the Hamsee is now on her passage & may most probably arrive before this can perhaps it may be prudent to engage a vessel for the Birth provided you can get one tho it will throw the Johns aback I refer you to mine of the 5th relative to the Loss of Mr Gunnis Oil the Cty of the Friars Average Settlement &c — C Birnie
