The Baltimore *American* of Thursday stated that much anxiety was felt by the Methodist Protestants in Baltimore concerning their mission in Japan, and also in regard to the safety of Rev. Dr. Lewis, President of Western Maryland College, who was expected to arrive in Japan about the date of the earthquake elsewhere reported. The strongest of the M. P. missions in Japan is at Nagoya, one of the cities destroyed. Rev. F. C. Klein, who is well-known here, is the leading missionary there and grave fears are entertained concerning his safety and the fate of the mission; but it is not apprehended that Dr. Lewis could have reached Nagoya at the date of the earthquake, which occurred October 29th. He was last heard from at Honolulu, and expected to reach Yokohama, Japan, on the 28th, where he intended to remain several days before proceeding to Nagoya. He was probably not at that point when the catastrophe occurred.

Work well Done.

It may interest some of the Carroll county friends of Rev. Wm. L. Seabrook to read the following, under the above head, from the Abilene, Kansas, *Daily Reflector*:

> Rev. W. L. Seabrook seems to be the happiest man in Abilene today. We supposed it was all on account of the recent return of his family, but a member of his church says that the parochial report which he carries to synod at Emporia tonight is the cause of it. This report shows that during the past year the Lutheran church has paid to the treasurer of the Kansas synod $405 for missions, church extension and other benevolent objects. The members and auxiliary societies have paid $227 more for similar purposes, making the total outside benevolence of the church amount to $632. In addition to all this the church has paid a long standing indebtedness of over $500 and for the first time in five years it is out of debt. Its members are rejoicing no less than its pastor.
>
> His report on the state of religion will be no less encouraging. In addition to the regular services, four per week, he meets every Sunday afternoon sixty children in two classes and teaches them the catechism of Martin Luther. Just at present a large circle of adults are joining the American Institute of Sacred Literature and will enter upon a systematic study of the life of Christ, preparatory to taking the examination which will be held all over the world January 15th, 1892. Surely a pastor whose work is thus evidenced has a right to be happy.

A Molasses Factory.

From our regular Harney Correspondent.

A few days ago we made a visit to Mr. C. M. Hess' molasses factory, situated at his home near Sterner's Mill, about one and a-half miles from this place.

The building in which the cane is crushed is built against the barn, the horse power being below and the crusher above. From this building the juice is conveyed more than a hundred feet, to another building where it is boiled. This building contains a Champion Evaporator with a capacity of ten gallons per hour. The juice is run over nine pans before it is converted into molasses, the whole length of the pans above the furnace and fire being about 36 or 40 feet.

When it became known that Mr. Hess intended to build the factory quite a number of farmers planted a small patch in cane and, as a result, Mr. Hess has made over nine hundred gallons of superior molasses and will have made about twelve hundred gallons when done for the first year.

Mr. Hess' molasses is first class in quality and very fine in appearance, and taste, like the best Orleans molasses.

He certainly deserves credit for inaugurating an industry by which every farmer, and in fact every one who has any land can be benefitted; as it requires but little land to raise enough cane to produce molasses for family use. And then it is profitable. Storekeepers are offering fifty cents per gallon for it by the barrel.

It was quite a novelty to our young people to see growing cane as most of them had never seen a "molasses patch."

Harney, Nov. 4th, 1891.

Church Dedication.

The new Pipe Creek Church of the German Baptists, about midway between Uniontown and Linwood, was dedicated to the worship of God on Sunday last. A brief description of the edifice was given in the SENTINEL of October 24th. It is a plain but substantial and comfortable brick structure, in dimensions 80x45 feet, with a seating capacity of six hundred, without crowding. The seats are adjustable and can be converted into tables for use at the lovefeasts of the congregation.

It is estimated that at the dedication about a thousand persons were gathered within the walls of the edifice, while probably as many more were unable to gain admission. The services were highly interesting. Three sermons were preached, the first by Elder Samuel Sooks, of Lancaster, Pa., the second by Elder J. F. Ohler, of Waynesboro, Pa., and the third by Elder Daniel R. Sayler, of Double Pipe Creek. The other ministers present on the occasion were: Elders Wm. H. Death entered the home of Mr. Lewis B. Lippy on Saturday morning last and removed from the family circle the wife and mother, Mrs. Barbara Lippy, at the age of 55 years. Mrs. Lippy was sick but several days having been taken with cramp and colic, followed by peritonitis that baffled all medical skill and, unexpectedly, death came and she peacefully passed away. Her remains were laid to rest in a family lot on Monday afternoon, followed by the largest concourse of sorrowing friends that has attended any funeral for some years at our cemetery. There were some fifty vehicles in the procession. Rev. N. J. Miller, assisted by Rev. C. M. Eyster, conducted the funeral services. Mrs. Lippy was a daughter of the late Valentine Wentz, of Wentz's valley, whose family connections are widespread as are also those of the Lippy family. She leaves a husband, daughter, and six sons to mourn her deeply felt loss.

The friends here were notified Wednesday of the death of Mr. Daniel Fuhrman, of Gettysburg, Pa. Mr. Fuhrman, as we mentioned some months ago, received severe injuries in a railroad wreck, in Ohio, while on a trip buying cattle. He had pretty well recovered from his injuries and with the aid of a cane could attend to his business and had made several trips to Buffalo, N. Y., buying cattle. He contracted a heavy cold, pneumonia set in and after a short illness he passed away. He was a native of this district and in his boyhood days spent much of his time here.

Our butcher, Mr. Edward Rohrbaugh, while on his way home from Melrose, one evening last week, on the north side of Dug Hill in the middle of the turnpike, had his horse stopped by a party seizing the bridle. Mr. Rohrbaugh jumped out of his wagon, and ran to the rear and seized a large knife to make an attack, but the would be outlaw at once decamped, when Mr. Rohrbaugh came on his way rejoicing.

The members of the "Annex" will open their festival on Saturday evening next, in the I. O. O. F. Hall, to be continued on Monday, Thursday and Saturday evenings of next week. The society is meeting with success and still adding members and increasing the attractive features at its meetings.

Election day passed off very quietly. The poll was unprecedentedly large. The result is known and the victors are jubilant, while the vanquished quietly submit to the decision, so that everyday life uninterruptedly goes on.

LeGore's

Improved Combination of Lime

is superior to all common grades of lime.

By this system and process, a full combination of the salts of lime are furnished, and as a cheap and powerful agent it beats bone. It has no equal. The choicest carbonates of lime exist here, perhaps, as no where else. We use from three different strata or deposits, burn in separate furnaces, and then mix and proportion it so as to act on all kinds of soil and crops. This has never been attempted by any other manufacturer. Our rock and improved facilities exceed any in the State. Farmers will not need a pound of bone where this lime is used. Don't be deceived or imposed upon any longer. Be sure you are right and get Legore's combination, and be convinced how easy, quick, and cheap land can be improved and full crops grown. Furnished in car load lots to suit. Farmers can order their own lime. Guarantee a genuine article or no pay. Send for testimonials, prices, etc. Address

J. W. LEGORE,
Woodsboro,
Frederick county, Md.

Sole and exclusive manufacturer of this lime. Be sure and get LeGore's combination.

☞ Burnt expressly for fall use, bulking on large heaps, &c. ☜

CAUTION—Do not be deceived by agents representing other grades claiming as good. No other manufactured like it. Order your own lime and save all commissions. I ship on all Railroads. au-15-6m
