I am favd with yours of the 6th & 8 Inst your determination of the former is neither what I expected nor what I think right I dont know the principals by which you can justify it when it appears contrary to my request advanced £18.8.8½ from wh you were nearly as much to blame on the whole as I yet I must lose £31.8.1½ & you £9.4.4½ perhaps this is right

I dont mean that the 2 Vessels will sell for £1800 — I mean that that sum will be necessary for a new Capital to purchase 3 Vessels I am glad to find that Curran is in — the Charlotte is in — The Johns I expect to clear this week — She'll be mostly loaded with Potatoes — I mention the arrivale of the order for the Fias — My Auction sale is reduced to 3/3 so I shall get over the Fees of trouttes
