Dr Sirs

I am just favoured with yours of the 3d & am glad to find the Trial is clear I was in hopes she wd have had been here with the Dispatch that is now discharged therefore did not think it necessary to lay on any Vessel especially as I found no prices of Goods the Charlotte went for Air. A few days since I had a meeting of the Owners who determined to sell the Vessels as soon as conv after their respective arrivals – A few of the concerned came to a resolution that in order to carry on the Trade effectually 3 Vessels shd be purchased £2,000 they considered wd be equal to Business to be divided into Shares of £100 ~~each~~ 6 of wh Shares are already subscribed for but in reality I have the sum necessary cannot be found it will be particularly necessary for you to say how many shares you will take in order to know what we have to depend on – I suppose you'll have to take 3 or 4 at least. We do all I can to raise as much here as possible, can you get none in Dublin? there must be a determination prev cons to the sale of the Trial wh I am instructed to have advertised both here & in Dublin immy on how will all write me your determination as to the sum you hold, if we had 3 Vessels I could make it an exclusive Trade, I think money cd be made 1 Jun C. B.

Yours truly
