Wm Frisk, Lynne } I was duly favoured with your's of the 17th March. I am much obliged by your tender of service which I shall be glad to avail myself of should occasion require, but as there is no Trade carried on between yr Port & this & as our Foreign Trade is now so circumscribed I fear there will be but few opportunities offer to enable us to be of service to each other. The Mr you mentioned in your letter did not call on me —

C. V. Mollan, Dublin } I am favoured with your's of the 8th Inst. I am very happy Mr Stuart thinks the Lahns worth £10 more than has been offered here since I wrote you there has been another person looking at her — I have not yet had an opportunity of consulting all the concerned but I am of opinion they will either accept Mr Stuarts offer or order her to be sold by Auction in Dublin in the mean time I am loading her & hope to have her completed by the middle of next week I hope you'll send off the Jane & get the Trial loaded as quickly as possible — With respect to Mr Mazaine uneasiness about the Trials Register it is impossible to be done away until she returns & surely Mr M & you ought both to know that two Registers cannot be had for one Vessel the old one must be given up before a new one can be obtained & it wd be rather disagreeable for the Purchaser who lives in Belfast to go to Dublin to obtain a new Register merely to gratify Mr M — she is gone this voyage at the risque of the Person who purchased her & as soon as she returns wh I hope will not be long a new register shall be obtained in the Bill of Sale shall be sent up for signing — C.
