I am favd with yours of the 17th by wh it appears that Mr Stuart wants to sell the Johns in Dublin tho' by his letter to me he insists having his bond. I observe what you say about £150. I fear more will be necessary — The 26 Puncheons of the Johns are from Mr Hastings D. Patrick & for Namida Russell & Co Dublin — Write me how Mr S. acts respecting the Johns

P.S. Dont neglect the Trials Bill of Sale

I have yours of the 21st & return Mr Knox's acceptance — Get the Trials Bill of Sale signed & return it if not sooner by yourself but the sooner the better as until that is done the people here think they'll not well know what they are to consider of the Business on account of the very unsettled State of mind that some Dr Dublin owners seem to possess I hope Mr S. wont delay the Business of the Johns but send the Bills down also the Conveyance for Signs as I wish much to have the old accounts cleared — Dont let Downey give up the Vessel untill the necessary be done — Push off the Jane she is greatly wanted & advise how the Trial comes on & if the Johns be adjudged.
