I summoned a meeting of the owners on monday last for the purpose of getting the Power of Atty signed but not one attended any of them that I have spoke to think it exceedingly odd why that Instrument & not the Deed of Sale together with the Bills shd be sent & why the Trial Bill of Sale is not yet sent down signed & rather think they will not sign it & that the end of the Business will be that the Vessels will be arrested & sold for to pay their Debts there as about £200 due to the Rope walk Coy £70 to Mr Simms for the Oil besides what is due to me the former declare that they must be paid I am sorry for these things but cannot help them as from the manner matters are going on I have every reason to think there will be a sad end of the Business —
