I was favd with yours of the 18th in consequence I informed Mr Cooper that in my mind the shortest confession he could make was to remitt you £50 on acct of Mr Hardy's Debt he agreed & now enclose you John Barber on Barber & Duncan 61 ds £50 shall to request you will stop proceeding the Ex & c shall be settled on your return —
It was not latterly his intention to take defence I believe he at first consulted Mr Stuart & perhaps did not finally forbid him to defend him however by this conveyance a letter goes forward to that effect

I am favd with your several Letters the two latter respecting the mistake in the Geese wl is disagreeable but I hope will not be attended with any loss the Geese here say they often permit them as Cargo & that no attention is paid however much depends on the discretion of the Officer — It is impossible to get the permits cancelled & new ones granted I have applied to almost every one in the Trade in hopes of obtaining permits to cover the whole & could only succeed in procuring those enclosed for 26 pkts wl will give you so much stock the rest incomplete the marks does not agree but perhaps no allowance will be paid to that if you think how well it will be the best way I may ins to either mark them anew so as to correspond with the permits or to take the Cloths off them wl is now no uncommon thing in a retail Shop if you think this method wl is the only one I could hit on will answer let me know & perhaps I could hit on will answer let me know & perhaps I could pick up by degrees permits to cover the whole in the mean time you can keep back such as you have not covered
