Dr Sir
I called on Mr McCleary who wants the Statutes at large No 8, and if you can furnish them let him pay at what price to be delivered in Dublin — I find I am considerably short of the Spikes you had on the Hooks you left, Johnson Robinson & Gibson are not yet sold, if I don't come pretty near your price for them I will hold them till another occasion — If you mean to send more the sooner the better — If you want to order them direct from London you will have reason

Yours truly
