Belfast 9th Jany 1816

James Doley
Dublin

Sir I am sorry with regard to the 18th Grant, Coll. Sewell did leave in my care certain Packages of Leggage for which a note of Storage was signed & agreed on between him & I. It happened unfortunately that a person in my confidence did open some of those Packages & took some articles out — as soon as the circumstance was known by me I informed the Col & solicited to endeavour to recover the articles which I altho' accomplished at a very considerable expence being done I packed up the Goods as I conceive entire & found them agreeable to order numbered with the Charge according to requirement and no more — So far I conceive I am right and can make no deduction being certain that Col. Sewell will find all right on his return after —
