MY PRICES RANGE FROM 12c. TO 30c. PUT ON WALL. GILT 20c. TO 25c. ALL PAPER 8 YARDS LONG.

These are not living prices. You may say how do I live. I have no rent to run a store and fuel, &c., and do all of my own work. I don't pay any hands one year to do three months' work in season. This is a chance to get papering done cheap. Take advantage while you have a chance. I will do as before,

Guarantee All Work

done by me. I can give the best references in the county.

There has been a great deal said about me being a ascab workman, but it was only said by those who can't compete with me in price and workmanship and who are afraid of me—never by a party that I did work for. Write for sample and price, or I will come to see you in person and tell you what your job will cost. I can be found 300 yards from the limit of Westminster on the Littlestown turnpike.

Thankful for past favors,
Very Respectfully,

LEGORE'S IMPROVED COMBINATION OF LIME

Is Superior to all Common Grades of Lime.

By this system and process, a full combination of the salts of lime are furnished, and as a cheap and powerful agent it beats bone. It has no equal. The choicest carbonates of lime exist here, perhaps, as no where else. We use from three different strata or deposits, burn in separate furnaces, and then mix and proportion it so as to act on all kinds of soil and crops. This has never been attempted by any other manufacturer. Our rock and improved facilities exceed any in the State. Farmers will not need a pound of bone where this lime is used. Don't be deceived or imposed upon any longer. Be sure you are right and get Legore's combination, and be convinced how easy, quick and cheap land can be improved and full crops grown. Furnished in car load lots to suit. Farmers can order their own lime. Guarantee a genuine article or no pay. Send for testimonials, prices, etc. Address

J. W. LEGORE,
Woodsboro, Frederick county, Md.

Sole and exclusive manufacturer of this lime. Be sure and get Legore's combination.

CAUTION.—Do not be deceived by agents representing other grades claiming as good. No other manufactured like it. Order your own lime and save all commissions. I ship on all Railroads. oc-29-6m*

The Century Magazine
IN 1893.

It would be hard for a person who cares for good reading to make a better investment than a year's subscription to *The Century Magazine.* No region is too remote, no expense too great, if it will only produce what the *Century's* readers want. This is the policy that has made it, as the *Pall Mall Budget*, of London, says, "By far the best of the magazines, English or American."

The November number begins a new volume and contains the first chapters of a powerful novel of New York society, called "Sweet Bells Out of Tune," written by Mrs. Burton Harrison, the author of "The Anglomaniacs." In this story the fashionable wedding, the occupants of the boxes in the Metropolitan Opera House, the "smart set" in the country house are faithfully reflected, and the illustrations by Charles Dana Gibson, *Life's* well-known cartoonist, are as brillant as the novel.

In this November number begins also a great series of papers on "The Bible and Science," opening with "Does the Bible contain Scientific Errors?" by Prof. Shield, of Princeton, who takes decided ground that the Bible does not contain scientific errors of any moment, and who most interestingly states the case from his point of view. Other articles in this series will include one in the December (Christmas) number, "The Effect of Scientific Study upon Religious Beliefs."

An important series of letters that passed between General Sherman and his brother, Senator John Sherman, is also printed in November, which number contains also contributions from the most distinguished writers, including an article by James Russell Lowell, which was not quite completed at the time of his death. The suggestion which Bishop Potter makes in the November *Century* as to what could be done with the World's Fair if it were opened on Sunday, is one which seems the most practical solution of the problem yet offered.

The December *Century* is to be a great Christmas number,—full of Christmas stories, Christmas poems, and Christmas pictures,—and in it will begin the first chapters of a striking novel of life in Colorado, "Benefits Forgot," by Wolcott Balestier, who wrote "The Naulahka" with Rudyard Kipling.

Papers on good roads, the new educational methods, and city government are soon to come.

Four dollars will bring you this splendid magazine for one year, and certainly no cultivated home can afford to be without it. Subscribers can remit directly to the publishers, The Century Co., 33 East 17th St., New York. They should begin with November, and so get first chapters of all the serials, including "Sweet Bells Out of Tune."

THE NEW YORK TRIBUNE.

1893.

Greatest of Republican Newspapers.

National in its aims and devoted to the welfare of the Masses of the American People.

The New York Tribune concedes the election of Grover Cleveland, but promises to defend the Republican policy on Finance and Protection, with all the ability it can command.

It was the discontent of the farmers which caused the Democratic victories of two years ago. The Weekly Tribune, addressing itself directly to them for the past two years, has carried on a campaign of discussion for their benefit, almost unparalleled in American journalism; and this result coupled with Whitelaw Reid's previous great service to farmers, has been seen in the fact that agricultural communities have stood faithful to the Republican party, in a campaign in which, in other localities the party went completely to pieces. This year, the Democratic leaders changed their tactics and excited discontent among workingmen. They pointed to the higher prices of farm products, and assured the workingmen of Northern cities that the British tariff system, (that is to say, lessened protection to American Farming and Industry) would lower the prices of food and manufactured products, and the profits of "monopolists" in this country, while at the same time maintaining the wages of labor, those wages being now the highest ever known in the United States. By false pretence, deception, and a pandering to the lowest passions of uninformed men in large cities, they have carried the country and elected a Democratic President and Congress.

The Tribune confidently awaits the result. Not for one moment, however, will The Tribune yield one inch of ground in the battle for American policies.

Roswell G. Horr's great articles will be among the features of The Tribune, the coming year. Men of every political faith are invited to read them. They will state the Republican view with frankness, point out the probable consequences of a change in the tariff policy of the country, and evade no issue, and conceal no fact, bearing upon the subjects discussed. Their thorough treatment of fundamental principles will aid every reader to a better understanding of profound and important issues.

A page a week will be devoted during 1893, to war stories and news of interest to Union veterans. Old soldiers, who have some experience to tell, which has not yet been printed, are asked to send the story to The Tribune for publication.

Farming has now become such an enormous interest in the United States, that there is an imperative necessity for making more of a specialty of the business interests of the Farmers of the country at large. Plans have been formed which ought to make The Semi-Weekly and The Weekly Tribune absolutely indispensable to every tiller of the soil during 1893.

A large number of entertaining features of general interest will also appear. "How to succeed in Life," "Village Improvement," special articles by brilliant men and women of high reputation, Chess and Checkers, and a hundred other things which cannot be recited in a brief prospectus, will appear on the Tribune's pages during 1893. The paper will have less politics and more of the thousand and one things which refresh the mind, entertain the imagination, and guide the reader in the prosecution of his business and social life.

The Tribune asks for reports as to the operations of Village Improvement Societies, from those who are acquainted with their operations.

An illustrated catalogue of excellent premiums will be sent free on application.

The Semi-Weekly is particularly commended to the attention of general readers. It gives more of the keen, incisive editorials, book reviews, foreign letters and other valuable features of The Tribune, than there is room for in the Weekly. The large type and broad columns of the Tribune make it the easiest paper to read.

To all who subscribe during 1892 for one year, the paper will be sent free for the balance of this year. Sample copies free. Weekly, $1.00; Semi-Weekly, $2.00.

Friends of Agriculture, Industry and the Republican party, are invited to make up clubs for this paper in their localities. There are four years' of trial, of new experiment, of discussion of great national topics, and of observation of the effects of Democratic supremacy before the country. The Tribune will lead in the presentation of the Republican view. The friends of the splendid record of the Republican party, can aid in the final triumph of Republican principles by seeing that the people read the Republican side of the story.

THE TRIBUNE, New York.

St. Nicholas for Young Folks.

JOHN G. WHITTIER long ago wrote of *St. Nicholas*, "It is little to say of this magazine that it is the best children's periodical in the world." Edward Eggleston, the author of "The Hoosier Schoolmaster," says of it, "There is not one of the numbers that does not stir the curiosity, inform the memory, stimulate thought, and enlarge the range of the imagination." Founded in 1873, and from the first number edited by Mary Mapes Dodge, *St. Nicholas* is now entering upon its twentieth year. The most famous writers have contributed to its pages in the past, but never has its editor been able to offer a better program or a more distinguished list of contributors than for 1893.

There is to be a series of illustrated papers on "The Leading Cities of the United States,"—the story of each city told by a prominent resident. Edward Clarence Stedman will write of New York; Thomas W Higginson, of Boston; New Orleans will be described by George W. Cable, and Baltimore by President Gilman, of the Johns Hopkins University. Dr. Lyman Abbott will tell the story of Brooklyn, and other cities will be treated by other famous men. There will be articles on the World's Fair, and a number of pages of funny pictures and humorous verses.

Mrs. Kate Douglas Wiggin, the well-known author of "The Birds' Christmas Carol," etc., will contribute the leading serial for *St. Nicholas* during the coming year. The November number opens with a three-page poem by John G. Whittier, which has in it some of the most beautiful lines the good Quaker poet has ever written, describing the visit of a party of young girls to his home.

The *School Journal* says, "Place *St. Nicholas* in your household, and you need have no fears for the lessons taught your children." The magazine is the greatest aid that the teacher and the conscientious parent can possibly have. It entertains, and at the same time educates and instructs. The subscription price is $3 a year. Remittances may be made directly to the publishers. The Century Co., 33 East 17th St. New York.
