and the number of Births that can conveniently be made in the Cabbin &c, for my Government in engaging Passengers. As you no doubt, will understand, Paint & Varnish &c &c for the Vessel I think it will be better for you to proceed here as soon as discharged & have it done here on cheaper terms than in Dublin and the Vessel being actually in port will be an additional Spur to the Passengers positively engaging, & even the Merchants on your Exports shall well be here than there as it will be for my Interest. The Births can also be as well fitted up here as in Dublin & Planned suitable to the Engagements I may have made.

With respect to the Shipping of Goods, I have seen a letter from N. York of the 17th Oct. saying there was no difficulty in getting goods there, in Consequence of the Merchants who rec. it is willing to make a Considerable Shipment if the Charter & I can see no risque to the Vessel. Write me fully and the Sooner you are here, matters can be the better arranged. In Order that Mr Faucett may feel comfortable I have remitted £100, and
