Capt Baker Dublin } I wrote you the 14th under cover to Mr Fo. I was expecting an answer hoping that you would have found as much leisure — I have now to inform you that in a few days I expect to have my complement of passengers engaged, therefore wish to see you here as soon as possible with the Vessel. Should this will suit you as well to refit here as in Dublin & save time I have had various applications about the ship so as soon as I have your sentiments on the subject some people draw there will be no hindrance to goods in an American Vessel however on that

Mr Boyd Jun. Gentlemen
