James Landon Cathcart Washington City — I have a letter from Mr Cathcart in Philadelphia stating that you wish to purchase my property ~~here~~ at Annapolis & that you are willing to give 3000 for the whole property now that I state that you are willing to give 3000 for the whole property now in possession of Mr Chase pay 2000 on getting possession & the rest in 2 & 3 years to Mr Chase time will expire on the 1st April next at which time I can give possession the price I am now disposed to take is $6000 two to be paid on giving possession, the rest in sale of say about 6, 12, 18 & 24 months with Interest. I have had different applications for it at the price I have asked, if I cannot sell it by private sale for that sum I mean to advertise it for sale by Auction perhaps late in July or early in next month when I have good reason to suppose that I shall readily obtain the price I now ask as the situation has been proven to be a healthy one & the premises are extensive & the improvements could not be made for double the sum I ask, I shall therefore be much disposed to accept of Jno Scammel's offer the price I ask — If you think of attending to my business you may advertise in the mean time I am very respy. your obt. Sr.

N.B. If my property in Washington is well circumstanced for purchase I may be in it in part pay. & I consider my property at least in the mean time to be at your risk & I should be very glad to hear from you at any time an answer —
