Dear Sir.

Inclosed you will find some papers, in connexion with which I will explain what I wish you to do.

The one paper, is a commission from the Court authorizing Mr. David Reindollar to appoint some one as a Guardian ad litem, to answer for the Nelson boys in an amicable suit here for the sale of some property in which they are interested. He will appoint you, as your name was given me by Judge Giles. You have no responsibility in the matter, as the infants interests are cared for by the Court.

The other paper, contains the printed form of Return to be made by you and Mr. Reindollar. I have filled up all the blanks, except those for the dates, and the place where the papers are executed. Fill in the dates, and sign where I have written your name in lead pencil; and get Reindollar to sign his name in the references on this paper where his name is written in lead pencil; & also on back of the commission.

In order to accomplish all this, you have nothing to do, but take the young Nelsons to Taneytown to meet Mr. Reindollar on any day you agree on; and the expense,
