OUR SURE
Growth Fertilizer!

Is a special and complete Manure for

Potatoes. Sweet Corn and all Trucking.

Our Potato and Trucking Fertilizer furnishes all the elements of plant food found in either natural or artificial manure. It is richer in these ingredients than many of the high Price Fertilizers now in use. The most successful Potato Growers testify that the best results are obtained from the use of such goods, the potatoes being large, smooth and free from scab. In prize contests where 700 and 1000 bushels are raised, goods with such ingredients are used. Therefore we strongly recommend

Our Fertilizer for Potatoes.

With a favorable season the following are essentials of success in growing potatoes:

1. Depth of Planting.
2. A Mellow Soil.
3. Good Cultivation.
4. Ample supply of the proper Plant Food in soluble forms.

Mr. Alfred Rose, who grew 1031 bushels of potatoes on one acre and won the prize of the *American Agriculturist*, used exclusively 1600 lbs. of a high grade potato fertilizer and no other manure.

Our $22 Dissolved Champion Bone

is the Fertilizer to use for Potatoes, Sweet Corn, Peas and all Trucking. We have much cheaper Fertilizer where it is wanted. Give us a call and be convinced. Our goods are No. 1. We can refer to the best Farmers all over the county.

FELIX AGNUS, Manager and Publisher. American Office, Baltimore, Md.

THE NEW YORK TRIBUNE.
1893.

Greatest of Republican Newspapers.

National in its aims and devoted to the welfare of the Masses of the American People.

The New York Tribune concedes the election of Grover Cleveland, but promises to defend the Republican policy on Finance and Protection, with all the ability it can command.

It was the discontent of the farmers which caused the Democratic victories of two years ago. The Weekly Tribune, addressing itself directly to them for the past two years, has carried on a campaign of discussion for their benefit, almost unparalleled in American journalism; and the result copied with Whitelaw Reid's previous great service to farmers, has been seen in the fact that agricultural communities have stood faithful to the Republican party, in a campaign in which, in other localities the party went completely to pieces. This year the Democratic leaders changed their tactics and excited discontent among workingmen. They pointed to the higher prices of farm products, and assured the workingmen of Northern cities that the British tariff system, (that is to say, lessened protection to American Farming and Industry) would lower the prices of food and manufactured products, and the profits of "monopolists" in this country, while at the same time maintaining the wages of labor, those wages being now the highest ever known in the United States. By false pretence, deception, and a pandering to the lowest passions of uninformed men in large cities, they have carried the country and elected a Democratic President and Congress.

The Tribune confidently awaits the result. Not for one moment, however, will The Tribune yield one inch of ground in the battle for American policies.

Roswell G. Horr's great articles will be among the features of The Tribune, the coming year. Men of every political faith are invited to read them. They will state the Republican view with frankness, point out the probable consequences of a change in the tariff policy of the country, and evade no issue, and conceal no fact, bearing upon the subjects discussed. Their thorough treatment of fundamental principles will aid every reader to a better understanding of profound and important issues.

A page a week will be devoted during 1893, to war stories and news of interest to Union veterans. Old soldiers, who have some experience to tell, which has not yet been printed, are asked to send the story to The Tribune for publication.

Farming has now become such an enormous interest in the United States, that there is an imperative necessity for making more of a specialty of the business interests of the Farmers of the country at large. Plans have been formed which ought to make The Semi-Weekly and The Weekly Tribune absolutely indispensable to every tiller of the soil during 1893.

A large number of entertaining features of general interest will also appear. "How to succeed in Life," "Village Improvement," special articles by brilliant men and women of high reputation, Chess and Checkers, and a hundred other things which cannot be recited in a brief prospectus, will appear on the Tribune's pages during 1893. The paper will have less politics and more of the thousand and one things which refresh the mind, entertain the imagination, and guide the reader in the prosecution of his business and social life.

The Tribune asks for reports as to the operations of Village Improvement Societies, from those who are acquainted with their operations.

An illustrated catalogue of excellent premiums will be sent free on application.

The Semi-Weekly is particularly commended to the attention of general readers. It gives more of the keen, incisive editorials, book reviews, foreign letters and other valuable features of The Tribune, than there is room for in the Weekly. The large type and broad columns of the Tribune make it the easiest paper to read.

To all who subscribe during 1892 for one year, the paper will be sent free for the balance of this year. Sample copies free. Weekly, $1.00; Semi-Weekly, $2.00.

Friends of Agriculture, Industry and the Republican party, are invited to make up clubs for this paper in their localities. There are four years' of trial, of new experiment, of discussion of great national topics, and of observation of the effects of Democratic supremacy before the country. The Tribune will lead in the presentation of the Republican view. The friends of the splendid record of the Republican party, can aid in the final triumph of Republican principles by seeing that the people read the Republican side of the story.

THE TRIBUNE, New York.

St. Nicholas for Young Folks.

JOHN G. WHITTIER long ago wrote of *St. Nicholas*, "It is little to say of this magazine that it is the best children's periodical in the world." Edward Eggleston, the author of "The Hoosier Schoolmaster," says of it, "There is not one of the numbers that does not stir the curiosity, inform the memory, stimulate thought, and enlarge the range of the imagination." Founded in 1873, and from the first number edited by Mary Mapes Dodge, *St. Nicholas* is now entering upon its twentieth year. The most famous writers have contributed to its pages in the past, but never has its editor been able to offer a better program or a more distinguished list of contributors than for 1893.

There is to be a series of illustrated papers on "The Leading Cities of the United States," —the story of each city told by a prominent resident. Edward Clarence Stedman will write of New York; Thomas W. Higginson, of Boston; New Orleans will be described by George W. Cable, and Baltimore by President Gilman, of the Johns Hopkins University. Dr. Lyman Abbott will tell the story of Brooklyn, and other cities will be treated by other famous men. There will be articles on the World's Fair, and a number of pages of funny pictures and humorous verses.

Mrs. Kate Douglas Wiggin, the well-known author of "The Birds' Christmas Carol," etc., will contribute the leading serial for *St. Nicholas* during the coming year. The November number opens with a three-page poem by John G. Whittier, which has in it some of the most beautiful lines the good Quaker poet has ever written, describing the visit of a party of young girls to his home.

The *School Journal* says, "Place *St. Nicholas* in your household, and you need have no fears for the lessons taught your children." The magazine is the greatest aid that the teacher and the conscientious parent can possibly have. It entertains, and at the same time educates and instructs. The subscription price is $3 a year. Remittances may be made directly to the publishers. The Century Co., 33 East 17th St., New York.
