Your present Shares on co — of 40 each
to make these complete requires — $800
remitted to me in yr. ans: by Mr. Scott
in 30 Days — $450
ans: of your Dividend for Mar. 16 — 466
deficient — $134

You will be so good to send me an order
on the Cashier to pay over to me the ans:
of the Dividend — and to write to Mr. Scott
to make provision with me for the $134 —
before the end of the month, so that
I may be ready by 1st of next mo: to
make good the payment of the $800
required as above —

On the subject of the Merino Sheep
about which you enquire — with consider:
the pains, and at no small expence, I
have now a little flock of 30 odd full
blood of imported stock selected from the best flocks

flocks in Spain — principally from that of
the Prince of Peace — called Paulars, from
that of the Duke of Infantado — and of that of
the Convent of Guadaloupe —, I have some
Ram-lambs of the full blood — and some of
the ¾ blood — (these by imported Rams or selected
country Ewes —) to dispose of; my price for
the former, is 120 each, for the latter $80, each
Ewe lambs I can't as yet part with — my lambs
are forward, and will be fit to serve a few
ewes this Fall — having been from their
birth kept to their own dams — they will be
ready for delivery at any time after
the 4th of July, my leaving home: —
If these terms suit you I shall be glad
to supply you; or I will send you a share imported
grown Ram of the best race, to keep in your
neighbourhood at 5$ p. Ewe — and will give
you his services to 10 of your own Ewes for
your care & trouble, provided you can make
up — 60 others — say 70 in all, to which his
powers will be more than equal —

Very respectfully
