Belfast 4th July 1811

Dear Sir

Several months ago I wrote you in a letter addressed to Jacob and was in hopes I would have heard from you before now but as the letter was put into the Post office I that letter I informed you of my having left the Office, the Business being so bad and other reasons to which I refer you to the Bearer who can better tell you than I can pen them — It is only a few days since I came to my old friend Mr John Shaw and I trust in God I'll have better fortune than I hitherto had since you left the Country — Every thing has been dull and I think looks worse these few months past between this Country and America as there appears

the Hamah Jacob accounts will be ready for me on my return home — but all my business here is almost at a stand — I have no office now to attend to — I shall be at home every day after 11 o'clock this — J H P
