I am sure you could do it here in a few minutes and on as good Terms I presume as any where else unless the great Influx into B. more has made prices high there. — there is about 6000 lb of Beef served out here every day. There are some very fine Companies of Volunteers here, anxious to go forward but no Orders, the rest are Rabble, for such I think the generality of the Militia may be called, they officers cant get them organized. Let me hear how you are all going on. The Driver of the Stage reports you all well Oats has been as high here as 5/. owing to the great number of Horses & travellers & no one Thrashing out just now. Thos & Decimus White & the Nephew came up here 2 days ago & remain until orders

I am Dear Sir
Yours truly
