Carroll County Teachers' Association.

The Carroll County Teachers' Association convened in Central Hall on Friday, 1st inst., and was called to order by President Weaver, at 10.15, A. M. Prayer was offered by Geo. W. Hess. After singing by the association the minutes of the last meeting were read and adopted. Roll-call was responded to by ninety-one teachers. We suppose the World's Fair is responsible for the absence of one-third of the association from the most important meeting of the year.

The treasurer's annual report was read, and it was accepted after the auditing committee, consisting of Messrs. J. Baltozer, J. A. Angell, and Theo. Yeiser, made its report.

Singing was followed by the annual election of officers, which resulted as follows: President, Miss M. E. Gilliss ; vice-president, Joshua Leatherwood ; secretary, Geo. F. Morelock (re-elected) ; treasurer, A. W. Buckingham (re-elected); editor, Julia C. McSwiney (re-elected).

At the close of the election, Retiring President Weaver made an appropriate address, and the chair was taken by Miss Gilliss, who will be long remembered as the first lady to preside over the Carroll County Teachers' Association, and, we understand, the only one presiding over a county association in this state. The inaugural address of Miss Gilliss was short, witty and unembarrassed and was loudly applauded.

The committees on program and music performed their work so satisfactorily last year that they were re-appointed. The Committee on program consists of Mr. Hess, Misses Carrie L. Mourer, Margaret Lockard ; on music, Mr. Morelock, Misses A. M. Mikesell and Ida Lockard.

On motion of Mr. Hess, a committee was appointed to draft suitable resolutions on the death of Mr. Adam H. Diffenbaugh, one of the most zealous and active members of the association.

The examiner addressed the association for a half hour on various topics of interest, such as a change of text-books, statistics, necessity of punctuality in attendance and otherwise complying with the requirements of the law, etc.

He urged the teachers to cast aside the timidity which hinders many from becoming active, working members of the association, and to be fearless in advancing views and soliciting information. The association adjourned at 12.30.

The School Board met on Monday pursuant to adjournment. All the members were present. Various bills for repairs and supplies were passed and ordered paid.

The Secretary reported that he had received a favorable reply from the Examiner of Howard county in reference to the agreement for the accommodation of pupils who live near the dividing line between the counties, and had sent copies of the agreement with the Baltimore county Board to be executed in Howard. The agreement is as follows :

"This Agreement, made this 7th day of August, in the year 1893, between the Board of County School Commissioners of Baltimore county in the State of Maryland, and the Board of County School Commissioners of Carroll county in said State, witnesseth :

WHEREAS, Certain children of school age in Baltimore and Carroll counties are not provided with proper school facilities in their respective counties on account of the location of the schools along the dividing line between said counties ; and

WHEREAS, The Boards of School Commissioners of said counties are desirous of arranging terms upon which a child of one county may attend some one of the schools of the other county, when in the judgment of the Board of its own county it is proper for said child so to do ;

Now, Therefore, In consideration of the premises, and of the sum of one dollar by each of said Boards to the other in hand paid, The Board of County School Commissioners of Carroll county do hereby agree and contract as follows, that is to say :

1. Each Board shall have the right to issue to any pupil of its own county a permit to attend a school in the other county contiguous to the dividing line of said counties ; and said permit, when duly issued under the seal of said Board, shall entitle the pupil to whom it is issued to admittance during the current school term, to the designated school of the other county without charge of any kind, all fees for the use of books to be paid to the Board issuing the permit.

2. Any pupil of either county attending a school in the other county without a permit as aforesaid, shall be required to pay a tuition fee of three dollars per term for the privilege of so attending, said fee to be paid by himself, and the Board of School Commissioners of his own county to be in no wise responsible therefor.

College Notes.

Western Maryland College will re-open for its twenty-seventh year, Tuesday, September 12th. The most noticeable improvement that has been made during the summer is the completion of the main building by raising the cross-wing of Smith Hall one story and the addition of a tower. This gives the building a very handsome appearance and makes a fine showing from the railroad. The renovation and refurnishing of the rooms has occupied the entire vacation and the students will be welcomed back to the halls looking new and attractive.

There has been but one change in the Collegiate Faculty. Prof. G. W. Ward, A. M., who has been pursuing studies in History at the Johns Hopkins University, succeeds Prof. Chas. T. Wright in that department. Miss Sue M. Ferris, A. M., of Delaware, well known in this State, has been added to the Faculty as a teacher in Higher English and she will have charge of the department for young ladies as preceptress.

The new teachers in the department of music will be Miss Mary Eugenia Lewis, of New York, for vocal music, piano and organ, and Miss Gertrude Westlake, of Florida, for piano. Msis Westlake, is the daughter of Prof. Westlake, a former Baltimorean and author of Westlake's text books in English. Her studies in music have been carried on at the Peabody Conservatory and as a private pupil under Prof. Burmeister. Miss Jessie A. Walker, teacher of French and German, has spent the entire summer in travel in Europe.

Notwithstanding the loss of the unusually large class graduated in June the prospect is for a fuller school than usual, and the enrollment will go beyond that of last year. All the State scholarships vacated in June have been filled as follows:

FERTILIZER

FOR THE

Fall Seeding!

We can appear before our friends, the farmers, and ask them to give us a hearing in regard to

OUR FERTILIZER

FOR THE SEED OF

WHEAT AND RYE

The goods we manufacture and sell are the same we have handled for years, and the great success they have met with is stronger proof than any words we can say.

Our Goods seem especially adapted to the soil of this county,

and we therefore urge with great confidence all farmers to use them.

Our Pure Dissolved Raw Bone Phosphate

has few equals for its availibility for bringing grass. Some of the best farmers of the county have used it for years and could not be induced to change, and the reports we have from various sections as to the yield of wheat and rye are simply wonderful. The above goods is

OUR LEADER.

We also have

OUR NO. 3 BONE,

much cheaper, but an excellent Fertilizer for

Grain or Grass.

Farmers buying their fertilizer from us, this fall, will have special prices given them in the exchange on their Hay and Rye Straw. See us before buying. It will be to your advantage.

Very Respectfully,
