Dear Sir.

Belvoir Feb.y 11th 1815 –

I received your favor of the 25th of last Month by Mail – I have seen Friend Gassaway this Day – but find the Copy for you is not yet ready – he promises that by the last of next week I shall have it – some of the records of his Office he told me never came to Annapolis ~~only~~ untill within a few days past & that it was necessary to have them before he could finish the Copy for you –

I will not fail to call for the papers & forward them on as soon as ready – if no private conveyance should offer –

I wish our Market was able to consume good Beef like Mr. Stevens – but it really is not at present – therefore cant deal in such – I have got some lately from Balt.. at about 9 p.r Cwt –
