Dear Sir. Belvoir July 24th - 1815 -

I am much obliged for your favor by Miss Binnie and also for $59:90 in full of my Acct. for which I have put a receipt on the Acct. now in Miss Binnie hands -

Our Vendue intended here some time past turned out nothing, no Person attended & we have only sold since a few Articles at private sale of Mrs. Hoffs - I will try to have another Vendue soon for the purpose of getting off all the useless trumpery & will inform you if I succeed in making a sale

I am sorry to hear that Wool will not sell in your Country - for I thought it was in less demand in Baltimore than in the Country - I have upwards of 500 lbs. the half of it half Blood. - have offered it in the Balt. market - but can find no purchaser - even at 40 cents p.r lb. This seems to discourage the raising of Sheep - I will try to open my Flock - I am glad to hear you have fat Bullocks - keep them untill October when I shall be up & then perhaps I may purchase if they should be really fat - All to the Annapolis Market - 'Tis not worth mentioning - the folks are ready enough to take what is good. but some of them forget to pay - The Wheat Crop has been generally bad this season - on the Eastn. Shore very short Crops -

Mr. Bennie Lugwine
