Dear Sir -

Liberty Town 30th Oct. 1815.

I have at last reached this Place, being detained at Home longer than I expected - I am about to have the Tract of Land, called the Resurvey on Wingfield & Delight, divided by a Commission from the Court of Chancery - and on looking for the Papers relating to this Land before I left Home, could not find them among the Land papers I had reserved & thought they were with them - therefore I must have sent them on to you with the Papers relative to your Lands.

I must beg the favor of you to wrap them up carefully & send them to me by the Bearer, Charles - having occasion for them before the Surveyor can proceed to work - I mean to call on you before I go down in the mean time - Please to make my best respects to Mrs Winnie & the Family -

Yrs truly

H. Maynadier
