I would accommodate those who
wished to board — He says he
is well acquainted with quarrying
but has no knowledge of road making
I will send this to the Office
if I find mine of last Friday
has been lying there, I will not
send this, if it is not I will —
I would not even send it by Ekes
for fear he might neglect it
so anxious was I that you
should receive it early. —
All friends here are well
with kind respects to all your family
We are yours sincerely
