KODAK SAFETY A FILM ++

York 31 May 1816

Dear Sir

With this you will find the Coat, two Yards & a half with Silk Thread & Molds, he said at the $20 it left him nothing & the Notes were of the worst kind some of them of the Merchants Bank of Alexandria which it appears has stopped waking for the present, I mention this as I beleive you had several of them among those got from Mr McCalleb. We got home safe but owing to the excessive cold on Wednesday Nancys face is just as if you had beat it with nettles
