the have at last played ourselves
here & I am beginning to try what
can be made from Tolley's —
My Corn field there looks very bad —
from the corn being cut off by worms —
have had a fine season lately to plant
Tobacco & it looks well — I have been
urging the Brick Maker to furnish bricks
— but he cannot supply me as yet — &
I fear he will disappoint — but I will
do what I can towards it — I hope you
will succeed in the Broad — & you are
lucky in getting such Workmen — for
Men of the Sod are the Boys of all others —
to make the earth please them —
We are all well — Mrs. Tod & Mrs.
M. Miss Fred & Eliza — join in best
respects to Mrs. Bennis & your Family

with yrs. truly
H. Maynadier
