My Dear Sir

I rec'd your esteemed favor the Contents observed - I return you the same Compliment of many happy returns of the approaching Season - In respect to Money God knows you say nothing about it - But of the Finest quality & little or no demand - the Germans are so Clamish that if it was not for the Summer Sales I should not the Consignee - & yet the all gives up that mine is best - I wish with all my Heart I had this Concern Scattered to some good part of this Country -

I find the same cause of Complaint that Indeed does - Barley slow Coming to Market - Rye none - I can scarcely keep all Distrosh employed - I believe our Friend Robinson has sold some of the Lottery Tickets - I have sold none
