The Man I employed in Andrew's
Place took unwell - and I have given
him one more a chance after a severe
Scolding which had a most happy
effect - one drop of Spirits he does not
taste - The Bullock & Quarter are
both hanging to dry for Baltimore
Market - when I get the Proceeds
will not forget your - Miss Rose
shant want my Money that is in
my Power to give her - Andrew is well
secured all wanting is time - Rose shall
not with my Consent fall under the
Hands of Doctor Fisher - if she does
you could not call in a worse Hand

This Instant after Dutch Men
called to drink Old with one Consent they
say there never was such good Beer
in York - I am glad to find Hanlan is
Returned - he will be a most Valuable man
for you in Spring - altho I am not fond
of Snow, yet to have the pleasure of
your Company. I wish it come - this
is the finest open Winter I ever saw -
but a Number of People in this Town
dropping off - Mrs Scanlan Comes me
in love to Mrs Birnie Children & Brother

I remain Dear Sir
Your ever Sincere
J. Scanlan
