My Dear Katy

Charles came home last Tuesday night about six o'clock with not a scrap of a pen from you poor what he says I suppose he must attribute to Mordecai and has prepared him accordingly, Dr Hooton has been chiefly confined to bed for this two days with his head I think it is rheumatism I was obliged to be up with him the greatest part of last night but thank god is to day a great deale better I trust you have not experienced any thing like what we have done as to cold your Brother says he never felt a colder Night than last, I believe the papers how we all doing very well and agree, would it be convenient for you to get a dozen of Lady Knives and forks and the same Number of small
