Dear Sir

Your esteemed favor has come
to Hand, when I immediately set to work
to get Casks washed and as many
collected as in my power, I am certain
your intention was good — had the Tavern
keepers the Price of sending Barrels —
the distance is so great & no opportunity
of returning them — It is a great loss to
me without you can make them pay
for the Barrels $2 each which I had
this Morning to do — as will appear from
their being New — The Corn bound one I
will not sell at that price — the Half
Barrels I have Collected this Morning from
my Customers, & must now purchase
new ones to supply their place — I
thought it a pretty offer the Colonel Commg
so far — & so strongly recommended by my Friend
